Message from Executive Managing Director

Attention: All shareholders

Since 2015, the construction in the property sector--private housing development and condominium projects--faces surplus demand with the stock of the original property projects needed to be cleared resulting in the lessening of the construction of new property projects. It is estimated that the surplus demand for housing estate will reach equilibrium state to enable construction of new property projects to resume to full capacity in about 2019 onwards.

On 21 December 2016, the Company increased its capital to the ratio of 1:1 to bring in the capital needed for the construction of the DECON PRIME Riverfront Rattana Thibet Project at estimated project value of 1,600 million Baht. Therefore, in 2017, the Company earned a profit of 138 million Baht. Consequently, the dividend distribution was considered at merely 27.50 percentage of the net profit in order make a reserve for the completion of the construction of the said condominium without seeking a loan from a financial institution.

In 2017, the Company made a profit of 223.28 million Baht, being the profit from the operating result of 121.02 million Baht and a profit made from the sale of the unnecessary surplus of factory land, of another 102.26 million Baht. The Company therefore considers that in this year, the Company has constructed the DECON PRIME Riverfront Rattana Thibet, which is nearing completion and an action was taken to seek approval of a reserve stock loan of 2,000 million Baht. As a result, the Company has enjoyed its liquidity to make further investment without the need to make a capital reserve whatever as follows:

1. To make investment in DSC Product Co., Ltd., to manufacture and distribute fabricated walls at its modern concrete parts factory with the use of semi-automatic machinery imported from Germany. Production for distribution will begin in the second quarter of 2019 in order to recognize its earning .
2. To make investment in buying another 5 pieces of land for horizontal land development project including another 3 pieces having been developed horizontally, making a total of 8 pieces of

land; (currently 1 piece of land was already purchased in Khet Bang Kruay. This investment will be able to recognize the earning in early 2019 onwards.

3. To make investment in buying a parcel of land for construction of a high-rise condominium for allotment in the vicinity of the train terminal to be constructed in early 2021. (Currently the purchase of the land was already made at the terminal Sai Yut Saphan Mai located diagonally Big C Store and the Central General Hospital. This investment will recognize the earning in late 2023 onwards.)

4. To make investment in the construction of DCON PRIME Riverfront Condominium at Praekasa Terminal-2 minutes to Stairway Station And Robinson Store, and across the Big C Store; the construction is to start in April 2018 with the earning to be recognized in the beginning of 2021 onwards.

In this 2018, the Company is considering making total dividend payment to the shareholders out of the profit of 2017 totaling 234,173,840 Baht at the dividend rate per share of 4.50 Baht.

Incidentally, every member of the Management shall have dedicated all their physical, spiritual energies to achieve sustainable and transparent running of the business to maximize benefit of the shareholders according to the long-term 5-year plan with prudent and success.

Yours sincerely

Mr. Wittawat Pornkul
Executive Managing Director

Shareholder Structure

Type of business and products of the Company and its Subsidiaries

- The business of manufacturing and distributing construction materials and concrete products are divided into 4 types of products including:

1. Concrete floor panels

Ready-made concrete floor panels of DCON are a flat like a board, 35 cm. wide and 5 cm. thick. When placed next to each other and concrete is poured on top, the DCON concrete floor panels will serve as both a model and a weight bearer for the building, functioning as one with the concrete that was poured on top. In addition, the Company provides services of producing concrete floor panels that are 30 cm. wide and 5 cm. thick for some customers with special needs.

Ready-made concrete floor panels of DCON are suitable for the construction of classrooms, condominiums, offices, schools, townhouses, and single homes for residence, helping to speed up construction work and saving costs while providing strength and attractive appearance.

Ready-made concrete floor panels of DCON are divided into:

- 1.1 Ready-made flat surface floor panels - suitable for the construction of structures with wide spans between beams to place floor panels of less than 4.20 m.
- 1.2 Square surface floor panels - created to be used in structures with spans of between 4.20 – 5.00 m. with special properties of being able to support a longer span, which makes it possible to be used in structures that are inconvenient to have support.

Ready-made DCON floor panels have received ISO 9001:2008 certification by SGS Thailand Co., Ltd. as a stamp of certification of international standards.

Rights or limitations to operating the business

Benefits from investment promotion

The Company has received the BOI promotion certificate No. 1089/2540 from the Board of Investment (BOI) and receives benefits according to the Investment Promotion Act B.E. 2520. The Company received 100% tax waivers since 19 January, 1996 to 18 January, 2005. Thereafter, the Company received 50% tax waivers from 19 January, 2005 to 18 January, 2010. Therefore, in 2010, the Company did receive any tax waivers due to the expiration of investment promotion benefits.

2. Concrete pillars

Pillars are a construction material that is used to support the weight of a building or structure by the mechanism of (1) friction caused by the surface of the pillar coming in contact with the dirt surrounding the pillar and (2) the bearing capacity at the ends of the pillars, whereby the weight of the building is transferred down to the pillar, which sits on a firm foundation of land.

A market survey and efforts to reach out to the same customers as those of floor panels, the Company chose to manufacture only pillars for residential homes of 3 sizes including:

1. I18 shape for single homes or fences or 2-story homes such as low-cost government housing projects, with a maximum production capacity of 1,800 m. per day
2. I22 shape for 2-story homes, with a maximum production capacity of 5,100 m. per day
3. I26 for 3-story townhouses or commercial buildings (or factories), with a maximum production capacity of 2,100 m. per day
4. S22 for 2 storey house (Industry Standard 396-2549). There is capacity of 216 meters per day at Rayong Factory and 228 meters per day at Surat Thani Factory
5. S26 for 3-story townhouse, Commercial buildings or factory buildings (Industry Standard 396-2549). There is capacity of 216 meters per day at Rayong Factory and 228 meters per day at Surat Thani Factory.
6. S-40 for the construction of large buildings (Industry Standard 396-2549). There is capacity of 912 meters per day at Surat Thani Factory.

The Company's concrete pillars have received ISO 9001:2008 certification by SGS Thailand Co., Ltd. as well.

3. DCON lightweight bricks

3.2 DCON's Gray lightweight bricks

The gray lightweight bricks lightweight CLC brick (Cellular Lightweight Concrete) produced by inconsistently adding air bubbles with high stability into the concrete of the bricks. They are in the form of closed cells to achieve good water resistance preventing the growth of fungi that are dangerous to health, protect against heat, sound proof, and allows for regular concrete to be used to spread on top, suitable for health-conscious users.

The Company has developed products to support the variety of needs and uses. For example, the Company has developed the D815 formula which gives the DCON's gray lightweight bricks their lightweight and convenient use, but maintains its strength allowing for heavy items to be hung on them. The Company has also developed 2-centimeter bricks that prevents heat as an energy-saving feature for high-end homes, adding another dimension to its attractive appearance.

DCON's gray lightweight bricks have received ISO 9001:2008 certification by SGS Thailand Co., Ltd. as well.

3.2 AAC's white lightweight bricks

The white lightweight brick are white lightweight AAC (Autoclaved Aerated Concrete) bricks produced by adding chemicals that causes air bubbles and underwent steaming using manufacturing technology and underwent quality control by the G4 standard system. They have lightweight making them easier to work with. They can be used to hang heavy items, suitable for users who desire lightweight and attractive bricks before covering with concrete.

Both of DCON's lightweight bricks are suitable for the construction of classrooms, condominiums, offices, schools, townhouses, and single homes for residence. They speed up construction work and are cost saving, while providing strength and attractive appearance.

4. DCON fences

4.1 DCON fences

DCON's opaque fences are ready-made opaque fences with high-pressured concrete comprising fence panels, pillars, and back cover to provide strength, attractive appearance, and saves costs, suitable for users who desire strong fences that are attractive and provide privacy.

4.2 DCON's cowboy fences

DCON's cowboy fences are transparent high-pressured concrete fences comprising fence panels and pillars that are strong but focuses on transparency to allow the view of scenery. They are also used for dividing home properties, giving them an open feel, suitable for users who desire strength and transparency or those who want to mark the borders of their property.

Both of DCON's fences are suitable for various uses such as residential homes, government complexes, open-air restaurants, or fences marking the borders of a property to allow for a clear viewing as they provide strength, attractive appearance, saves cost, and are easy to install and convenient.

● Real-estate development business

The Company sells and rents out ready-made mini-factories and finished single-home projects before selling them through its Subsidiaries which is ORRADA Co., Ltd. which include 2 types including:

1. ORRADA Factory Land

This is a project with ready-made factories which include the factory, offices, and residences in the same unit on a 200-square-wa property with a usable area of 720 square meters, with an emphasis on a systematic layout, ready with standard utilities. One unit comprises:

Floors	Usable area	Size
1	Factory park Offices	16 X 24 = 384 square meters 12 X 7.5 = 90 square meters
2	Offices	16 X 7.5 = 120 square meters
3	Residences	16 X 7.5 = 120 square meters

The project is located on Phahonyothin-Lam Luk Ka Rd., Khlong 8, Lam Luk Ka District, Pathum Thani Province. The project comprises 3 phases of electrical power and 4 telephone lines, groundwater, steel-supported concrete roads, along with drainage systems and 16-meter wide footpaths, with a 24-hour security system.

The Company has asked for the Department of Land's permission for land subdivision for industrial use. The project's customers can lease or purchase the units. The Company will file for permission to operate a factory business from the Ministry of Industry soon.

2. ORRADA Co., Ltd.'s residential projects

ORRADA Project – Lam Luk Ka Khlong 8

The project is located on Liab Khlong 8 Rd., Lam Luk Ka District, Pathum Thani Province. The Company received a land subdivision permit No. 36/2549 comprising single-homes for residence and homeoffices on a 23-rai plot of land. More than 90% of the project has been sold.

DZIO-Ratchaphruek (ORRDA-Ratchaphruek)

A two-story single-home project comprising 94 units on a 20-rai 2-ngarn piece of land around Ratchaphruek Rd., Nonthaburi Province. The project allows for the demonstration of DCON's products with a permit No. 91/2554 and 67% of the project has been sold.

An 8-story condominium project comprising 4 buildings with 792 units on offer on a plot of land of more than 7 rai around Ngamwongwan Soi 2 (Soi Duangmanee) behind the Ministry of Public Health in Nonthaburi Province. The entire project was sold and transferred to a real-state developer in Quarter 4 of 2014.

DCON Prime

A 38-story high-rise condominium offering 641 units on a 2-rai 1-ngarn and 16-square-wa plot of land located on Rattanathibet Rd. near Phra Nang Khlaio Bridge near Saima MRT Station of the Purple Line of the metropolitan's subway near Chao Phraya River. It is 100 meters away from the Purple Line MRT Station (800 meters) and 800 meters from the Chao Phraya River. It was approved by the EIA on October 6, 2015. It is expected to be completed and transferred to customers in May 2018. The sale of the project is Bt. 1,648.38 million and net profit is 252.15 million baht or 15.3% of sales.

Risk Factors

Regarding the business operation of DCON Products Public Co., Ltd., and subsidiaries, there are risk factors affecting the Company's business operation, as follows

1. Risk from Volatility of Prices of Fuels and Main Raw Materials;

Fuel oils are main costs in transport of goods and are regarded as the second largest amount of expenditures following the cost of raw materials; but the volatility of fuel oil prices is an out-of-control factor because it is in connection with several other events such as the world economic condition, problems of international politics, resulting in volatility of fuel oil prices. The Company has managed the risk by purchasing new trucks to replace the old ones with low efficiency and maintaining good efficiency of trucks at all times. Moreover, the Company has regularly organized correct driving training for its truck drivers for safety and saving; and has installed GPS system in all trucks to control speeds and to prevent fuel oil frauds of truck drivers.

Prices of raw materials are highly volatile due to economic changes, including changes of demand and supply, particularly prices of cement, steel bar, PC-wire, stones and sand which are main raw materials used in the production process and having both positive and negative impacts on the Company's business. The Company has to closely monitor and evaluate the situations and to determine proper risk management strategies such as management of procurement of raw materials to reduce price risks, researches and development for alternative raw materials, effective control and management of stocks.

2. Risk from Volatility of Domestic Economic Conditions and Competition;

In the previous year, Thailand has still encountered problems of economic slowdown; as a result, there were severe competitions in the construction materials market to accelerate the release of goods; therefore, in order to increase its competitiveness, the Management has given the importance to researches and development of goods, quality control, service, stock management, personnel development, delivery and transport management for more effective management and maintaining its leadership in this business. And for the real estate business, in order to reduce the financial risk and reduce the risk of marketing expenses

Dividend Payment Policy

AUDITOR'S REPORT

To The Shareholders of DCON PRODUCTS PUBLIC COMPANY LIMITED

Opinion

I have audited the accompanying consolidated and separate financial statements of DCON PRODUCTS PUBLIC COMPANY LIMITED AND SUBSIDIARIES (the Group) and of DCON PRODUCTS PUBLIC COMPANY LIMITED (the Company), which comprise consolidated and separate statements of financial position as at December 31, 2017, consolidated and separate statements of comprehensive income, consolidated and separate statements of changes in shareholders' equity, and consolidated and separate statements of cash flows for the year then ended, and notes to financial statements including a summary of significant accounting policies.

In my opinion, the consolidated and separate financial statements present fairly, in all material respects, the consolidated and separate financial position of DCON PRODUCTS PUBLIC COMPANY LIMITED AND SUBSIDIARIES and of DCON PRODUCTS PUBLIC COMPANY LIMITED as at December 31, 2017, and their financial performance and cash flows for the year then ended in accordance with Thai Financial Reporting Standards.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of my report. I am independent of the Group in accordance with the Federation of Accounting Professions Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to my audit of the consolidated and separate financial statements, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, were of most significance in my audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of my audit of the consolidated and separate financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

Recognition of revenues from sales of goods

The Company and subsidiaries has revenues from sales and services for the year ended December 31, 2017 amount of Baht 932.11 million. Most of revenue is derived from sales of construction materials amount Baht 861.00 million which is material amount in the financial statements as described in notes 31 to financial statements. Such revenues from sales of construction materials comprise normal sales of goods and sales of goods with installation services with different in revenue recognition. Accordingly, I have addressed the accuracy of recognition of revenues from sales of goods as key audit matter.

I have obtained an assurance relating to the accuracy of recognition of revenues from sales, by included;

- Obtained an understanding of internal control system relating to recognition of revenues from sales of goods.
- Tested the significant internal control relating to the accuracy of recognition of revenues from sales of goods.
- Checked documents supporting revenues incurred during the year.
- Checked documents supporting subsequent revenues incurred after the end of period and also checked the revenues recognition is conformity with policy of the Company and subsidiaries.

Assessment of impairment of non-operating assets

As stated in notes 16 to financial statements, as at December 31, 2017 the Company has material amount of unused operating assets of Baht 35.77 million (net of provision for impairment of assets amount of Baht 35.84 million) in the financial statements and there is an indicator that impairment of assets incurred. In determining impairment of assets, the Management must make significant substantive judgment to estimate recoverable value of assets to compare with carrying value of such assets. Accordingly, I have addressed the accuracy of recoverable value estimation of non-operating assets as key audit matter.

I have obtained an assurance relating to the accuracy of recoverable value estimation of non-operating assets, by included;

- Obtained an understanding of information and assumptions used in recoverable value estimation of unused operating assets by the Management.
- Evaluated the competence, knowledge of experts of the Management that they have sufficient ability to correctly estimate recoverable value of non-operating assets.
- Checked significant information and assumptions used in recoverable value estimation of unused operating assets with the external information and in the Company as conformed truly.

Other Information

Management is responsible for the other information. The other information comprise the information included in annual report of the Group (but does not include the consolidated and separate financial statements and my auditor's report thereon). The annual report is expected to be made available to me after the date of this auditor's report.

My opinion on the consolidated and separate financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the consolidated and separate financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated.

When I read the annual report of the Group, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance for correction of the misstatement.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated and separate financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

My objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. I am responsible for the direction, supervision and performance of the group audit. I remain solely responsible for my audit opinion.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

4.9 Impairment of assets

The Company and subsidiaries have assessed the impairment of assets whenever events or changes indicated that the carrying amount of an assets exceeds its recoverable value (net selling price of the assets under current operation or its utilization value whichever is higher). The Company will consider the impairment for each asset item or each asset unit generating cash flows, whenever is practical. In case of the carrying amount of an asset exceeds its recoverable value, the Company will recognize an impairment in the statements of comprehensive income. The Company will reverse the impairment loss whenever there is an indication that there is no longer impairment or reduction in impairment.

4.10 Financial instruments

Financial instruments are presented in statements of financial position, consist of cash and cash equivalents, current investment, trade and other receivables and short-term loans, bank overdrafts and short-term loans from financial institutions, trade and other payables, short-term loans, long-term loans and financial lease liabilities. The basis of recognition and measurement of each item is separately disclosed in the related transactions.

4.11 Long-term lease

The Company and subsidiaries recorded vehicles under financial lease agreement/hire purchase agreement as assets and liabilities in an amount equal to the fair value at the leased assets or the present value of minimum payments under agreement. Interest expenses are recorded on over the term of agreement.

4.12 Employee Benefits

4.12.1 Provident Fund

The Company and subsidiaries have established provident fund under the defined contribution plan. The fund's assets are separated entities which are administered by the outsider fund manager. The Company and employees made contribution into such provident fund. The Company's contribution payments to the provident fund were recorded as expenses in statements of comprehensive income in the period in which they are incurred.

4.12.2 Post-Employee Benefits

The Company and subsidiaries provide for post-employment benefits, payable to employees under the Thai Labor Law. The present value of employee benefit liabilities recognized in the statements of financial position is estimated on an actuarial basis using Projected Unit Credit Method of which calculated by the Independent Actuary by using Actuarial Technique. The calculation was made from determining the present value of future cash flows expected to be required to settle and determines discount rate by reference to market yield of government bonds should have terms to maturity approximately equal to the terms of such obligations. In determine the future cash flows expected to be required to settle is used from employees' salaries, turnover, length of services and other factors. Changes in actuarial gains or losses are recognized in the period in which they are incurred in other comprehensive income. Expenses related to employee benefits shall be recorded in profit or loss for sharing such expenses throughout the period of services rendering.

4.13 Income tax and deferred tax

1. Income tax expense for the year comprises current and deferred tax. Current and deferred tax are recognized in profit or loss except to the extent that they relate to a business combination, or items recognized directly in equity or in other comprehensive income

- Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.
- Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized that it is probable that they will not utilize in the foreseeable future.

2. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they adjust, using tax rates enacted or substantively enacted at the reporting date.
3. In determining the amount of current and deferred tax, the Company and subsidiaries take into account the impact of uncertain tax positions and whether additional taxes and interest may be settled. The Company and subsidiaries believe that its accruals for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretations of tax law and prior experience. This assessment relies on estimates and assumptions and may involve a series of judgments about future events. New information may become available that causes the Company and subsidiaries to change its judgment regarding the adequacy of existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.
4. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but the Company and subsidiaries intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.
5. A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilized. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realized.

4.14 Provisions

The Company and subsidiary recognize a provision when an entity has a present legal or constructive obligation as a result of a past event. It is probable that an outflow of economic benefits resources will be required to settle the obligation and reliable estimate can be made of the amount of the obligation. If some or all the expenditure is required to settle a provision, is expected to be reimbursed when it is virtually certain that reimbursement will be received if the Company settles the obligation. The amount recognized should not exceed the amount of the provisions.

4.15 Measurement of fair values

The Company and subsidiaries have an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including level 3 fair values, and reports directly to CFO.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of TFRS, including the level in the fair value hierarchy in which such valuation should be classified.

When measuring the fair value of an asset or a liability, the Company and subsidiaries use market observable data as fair as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows :

- Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 : inputs other than quoted prices included in Level 1 that are observable for the asset or liabilities, either directly (i.e. as prices) or indirectly (i.e. observable prices).
- Level 3 : inputs are unobservable for the asset or liability.

If the inputs used to measure the fair value of an asset or liability might be categorized in different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company and subsidiaries recognized transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

4.16 Significant accounting judgements and estimates

The preparation of financial statements in conformity with Thai Financial Reporting Standards at times requires management to make subjective judgements and estimates regarding matters that are inherently uncertain. These judgements and estimates affect reported amounts and disclosures; and actual results could differ from these estimates. Significant judgements and estimates are as follows:

Allowance for doubtful accounts

In determining an allowance for doubtful accounts, the management needs to make judgement and estimates based upon, among other things, past collection history, aging profile of outstanding debts and the prevailing economic condition.

Allowance for diminution in value of inventory

The determination of allowance for diminution in the value of inventory, requires management to make judgements and estimates. The allowance for decline in net realizable value is estimated based on the selling price expected in the ordinary course of business; and provision for obsolete, slow-moving and deteriorated inventories, is estimated based on the approximate useful life of each type of inventory.

Property, plant and equipment/Depreciation

In determining depreciation of plant and equipment, the management is required to make estimates of the useful lives and residual values of the plant and equipment and to review estimate useful lives and residual values when there are any changes.

In addition, the management is required to review property, plant and equipment for impairment on a periodical basis and record impairment losses when it is determined that their recoverable amount is lower than the carrying amount. This requires judgements regarding forecast of future revenues and expenses relating to the assets subject to the review.

Intangible assets

The initial recognition and measurement of intangible assets, and subsequent impairment testing, require management to make estimates of cash flows to be generated by the asset or the cash generating units and to choose a suitable discount rate in order to calculate the present value of those cash flows.

Deferred tax assets

Deferred tax assets are recognized for deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the temporary differences and losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized.

Leases

In determining whether a lease is to be classified as an operating lease or finance lease, the management is required to use judgement regarding whether significant risk and rewards of ownership of the leased asset has been transferred, taking into consideration terms and conditions of the arrangement.

Post-employment benefits under defined benefit plans and other long-term employee benefits

The obligation under the defined benefit plans and other long-term employee benefit plans are determined based on actuarial techniques. Such determination is made based on various assumptions, including discount rate, future salary increase rate, mortality rate and staff turnover rate.

4.17 Earnings per share

Earnings (Loss) per share as presented in the statements of comprehensive income is the basic earnings per share which is determined by dividing the net profit for the year by the weighted average number of common shares issued and paid-up during the year.

Diluted earnings per share is calculated by dividing net profit for the year by the weighted average of common share issued during the year added by the number of common shares issued for offering to warrant holders of the Company.

Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below :

	Consolidated		Separate	
	financial statements (%)		financial statements (%)	
Defined benefit obligation				
as at 31 December 2017	Increase	Decrease	Increase	Decrease
Discount rate (0.5% movement)	(760,443.00)	832,346.00	(600,335.00)	657,271.00
