Operating result

For period 9 months ended 30 September 2017, the consolidated net profit of the Company was Baht 26.27 million decreased by Baht 98.67 million or 78.97% from the same period of last year. The main reasons were as follows:-

- 1. The consolidated sales decreased by Baht 85.04 million or 4.05% because sales of customer in oil packaging dropped from slacked domestic market and sales of customer in packaging for milk and yogurt segment dropped due to the contraction of export. For plastic automotive part customers, sales decreased because some parts are in the end of the model life and are going to have some minor changes.
- 2. The consolidated gross profit margin was 14.32%, decreased from the same period of last year at 17.14% due to the declining in sales whereas depreciation was higher from machine acquisition and plant and equipment improvement expenditure.
- 3. The consolidated net profit margin was 1.3%, decreased from the same period of last year at 5.95%, mainly caused by reduction in gross profit margin while selling and administrative expenses in proportional to sale increase owing to the decrease in the overall plastic automotive part market but the Company has fixed cost for new model of painting segment preparation.

Please be informed accordingly

Sincerely yours

(Mrs. Prim Chaiyawat)
