Subject Clarification of Q3/2017 Company Performance

To The President of the Stock Exchange of Thailand

Reference MDX Public Company Limited and its Subsidiaries Financial Statement as of September 30, 2017.

MDX Public Company Limited ("MDX") would like to explain major factors that affect Q3/2017 consolidated operating results as follows:

- In Q3/2017, one subsidiary is remunerated for its investment in Nam Ngum 3 project for Baht 175.10 million by means of disposing some assets of the project to the governmental entity of Lao PDR. The higher amount than the project investment of Baht 28.81 million is, then, recognized as the gain on disposal of investment in project.
- An increasing participating profit from investment in associated companies and joint venture in Q3/2017, compared to the same period last year, comes mainly from the increase in electricity generating to the EGAT's system of hydro-power project due to the more amount of water while there was a drought in 2016.

Please be informed accordingly.

Yours faithfully,

(Mr. Pijayaphong Na Bangxang)
President
