KEY HIGHLIGHTS

- Total revenue and share of profit from investments in associates increased by 14.6%. However, if excluding the FX impact, normalized total revenue and share of profit from investments in associates increased by 24.8%, mainly from increase in revenue from sale of investment properties resulting from the asset monetization to Hemaraj Leasehold Real Estate Investment Trust (HREIT) and increase in normalized share of profit from investments in power associates.
- Share of profit from investments in power associates decreased by 3.3%. However, if excluding the FX impact, normalized share of profit from associates and joint ventures increased by 62.3%, according to the number of days in operation of GHECO-One compared to the previous year that had a planned maintenance. Moreover, there have also been a completion of COD of 5 SPPs since the second

quarter of 2017 to the first quarter of 2018, adding the Company's Equity MW under operation to 510.5 MW

- Finance costs decreased by 25.3%, mainly from the fact that the Company has repaid the loan since late year of 2016. In addition, TRIS rating announced the company rating of WHA at "A-" with "Stable" outlook in the fourth quarter in 2017, resulting in decrease of the Company's financial costs.

1. Rental and Service Income

- **Rental and service income from warehouses, distribution centers and factories** for 3 months and 6 months ended the second quarter of 2018 stood at THB 238.1 mm and THB 482.4 mm, which decreased by 13.6% and 12.1%, respectively, from the same period of previous year. The main reason was due to the asset monetization to WHA Premium Growth Freehold and Leasehold Real Estate Investment Trust (WHART) and HREIT in the late 2017 and the beginning of 2018 respectively, thereby reducing the leasable area.
- **Gross profit from rental and service of warehouses, distribution centers and factories** for 3 months and 6 months ended the second quarter of 2018 stood at THB 124.6 mm and THB 243.0 mm, which decreased by 24.8% and 23.3%, respectively, from the same period of previous year because of the decrease in leasable area from asset monetization to WHART and HREIT in the late 2017 and the beginning of 2018 respectively. The gross profit margin for 3 months and 6 months for the second quarter of 2018 were 52.3% and 50.4%, respectively. This gross margin had accounted for the fair value adjustment of the acquired business according to the accounting standards under WHA level. However, the genuine gross margin in were at 53.0% and 51.1%, respectively. The decrease in genuine gross margin, compared to the same period of last year, was mainly due to change in product mix between Built-to-Suit and Ready-built facilities.

2. Sale of Investment Properties

- **Income from sale of investment properties** during the first half of 2018 was THB 1,449.0 mm, which increased by 1,316.9 mm or 996.9%, compared to the same period of previous year, mainly resulting from the asset monetization to HREIT, totaling rental area of approx. 55,131 sq.m. on 4 January 2018 and the factory sale to customer of 1 project.
- **Gross profit from sale of investment properties** during the first half of 2018 was THB 611.1 mm, which increased by THB 590.7 mm or 2,888.2%, compared to the same period of previous year, mainly due to the increase of income from sale of investment properties as mentioned before. Nonetheless the gross profit margin has improved from 15.5 % in the first half of 2017 to 42.2 % in the first half of 2018, resulting from asset monetization to HREIT. This gross margin had accounted for the fair value adjustment of the acquired business according to the accounting standards under WHA level. However, the genuine gross margin in the first half of 2018 was at 57.3 %.

FINANCIAL POSITION

The changes in Consolidated Balance Sheet as of 30 June 2018 are summarized as follows.

Assets

As of 30 June 2018, the Company had total assets of THB 76,705.4 mm, which increased by THB 3,086.4 mm from THB 73,619.0 mm as of 31 December 2017. The main reasons are as follows:

1. Increase in short-term investment of THB 1,854.5 mm mainly due to the Company's cash management by investing the mutual funds.
2. Increase in investments in associates of THB 1,022.5 mm due to raising of share of profit from investments in associates and capital increase in associates proportionately.
3. Increase in investments in joint ventures of THB 178.3 mm, due to capital increase in joint ventures proportionately.
4. Increase in other long-term investment (net) of THB 204.6 mm, mainly because the Company invested in Supernap (Thailand) Company Limited during the second quarter of 2018.
5. Increase in other non-current asset (net) of THB 486.1 mm, mainly due to advance payment for the land.
6. Decrease in short-term loan to related parties of THB 214.8 mm, because of having loan repayment from the associates in power business.
7. Decrease in investment properties (net) of THB 740.8 mm, resulting from the reclassification of assets, totaling will be monetized to WHART of 2 projects. Nonetheless the Company has invested more in the investment properties during this period as well.
8. Decrease in non-current assets held for sale of THB 133.1 mm due to the reclassification of assets, which sold to HREIT totaling rental area of approx. 55,131 sq.m. on 4 January 2018 and the factory and land sale to client of 1 project, resulting in the decrease of non-current assets held for sale by THB 835.2 mm. However, during the first quarter of 2018, the Company reclassified asset which will be monetized to WHART, resulting in the increase of non-current assets held for sale by THB 702.1 mm.

9. Decrease in other current asset of THB 341.4 mm, due to the decrease in account receivable from Revenue Department.

Liabilities

As of 30 June 2018, the Company had total liabilities of THB 48,319.1 mm, which increased by THB 3,233.5 mm from THB 45,085.6 mm as of 31 December 2017. Besides, if considering the interest-bearing debt, it amounted THB 38,038.9 mm, increased by THB 3,604.4 mm from THB 34,398.5 mm. The main reasons are as follows:

1. Decrease in short-term loans from financial institutions of THB 178.2 mm, mainly due to short-term loan repayment of THB 2,000.0 mm during this period, however the Company has issued B/E or P/N totaling of THB 1,820.0 mm.
2. Decrease in long-term loans from financial institutions of THB 3,936.9 mm, mainly due to the refinancing, amounting of THB 4,000.0 mm by bond issuance.
3. Decrease in other current liabilities of THB 123.3 mm, due to the decrease in accrued withholding tax.
4. Increase in debentures (net) of THB 7,755.5 mm, mainly due to bond issuance of THB 8,000.0 mm during this period, however the Company has repaid expired bond totaling of THB 200.0 mm as well.
5. Increase in deferred revenue of THB 230.0 mm. This was mainly caused from the asset monetization to HREIT which was the leasehold of 30 years and renewal for another 30 years. The lease of land is considered as an operation lease because land is usually given unlimited economic benefits and recorded as the deferred income.

Shareholder's equity

As of 30 June 2018, the Company had total shareholder's equity of THB 28,386.3 mm, which decreased by THB 147.1 mm from THB 28,533.4 mm as of 31 December 2017, because the Company had cash dividend payment. However, there was the increase in retained earnings during this period as well.
