After the entire business transfer of BOB to the Company, BOB will cease the operation and proceed with the dissolution and the liquidation to distribute the Company’s ordinary shares held by BOB to the shareholders of BOB, i.e. (1) Miss Monthira Charoenval, (2) Miss Yolsiri Sayamvala, and (3) Mr. Phuripat Pitakanant on a pro rata basis on the transferring date (the “**Business Transfer Transaction**”)

In this regard, the Company will pay the consideration for the business transfer of THB 250,189,432.20 by issuance and offering of up to 72,518,676 newly issued ordinary shares, with a par value of THB 0.25 per share to BOB by way of the issuance and offering of newly issued ordinary shares to specific persons (Private Placement) as the non-cash consideration for the acquisition of the entire business of BOB (Entire Business Transfer), where the offering price per share will be equal to 90 percent of the volume weighted average price of the Company’s ordinary shares during 7 consecutive business days prior to the date on which the board of directors’ meeting of the Company approve the determination of offering price (which will occur after the shareholders’ meeting approve the entry into this transaction) (the “**Offering Price**”). In the event that the Offering Price is higher than THB 3.45 per share, the number of shares to be issued by the Company for the payment of consideration for BOB’s shares shall be decreased, calculated based on the transaction size of THB 250,189,432.20 divides such Offering Price. However, the Offering Price shall not less than THB 3.45 per share.

The Business Transfer Transaction is considered as an acquisition of assets under the Notification of the Capital Market Supervisory Board No. TorChor. 20/2551, Re: Rules on Entering into Material Transactions Deemed as Acquisition or Disposal of Assets, and the Notification of the Board of Governors of the Stock Exchange of Thailand, Re: Disclosure of Information and Other Acts of Listed Companies Concerning the Acquisition and Disposition of Assets, 2004 (as amended) (“**Notifications on Asset Acquisition and Disposal**”). The highest transaction size calculated based on the specification in the Notifications on Asset Acquisition and Disposal is 25.18 percent, referenced from the consolidated financial statements for the third quarter of Fiscal Year 2021 period ending 30 September 2021 which was reviewed by the Certified Public Accountant. However, after the offering of newly issued shares of the Company to BOB, BOB will be the shareholder of the Company, holding 13.46 percent of newly issued ordinary shares in the Company (after the paid-up registration of the Company), where BOB and the BOB's shareholders agree to not assign any person to take a position as director and / or executive of the Company.
