25 February 2022

Subject: Notification of the Resolution of the Board of Directors' Meeting on the Connected Transaction

To: President
The Stock Exchange of Thailand

Goodyear (Thailand) Public Company Limited (the "**Company**" or "**Goodyear Thailand**") wishes to inform you that the Board of Directors' meeting No. 2/2022, held on 24 February 2022 by electronic meeting has resolved to approve to purchase machine "VMI 248" which is tire building and curing machine. The cost is expected to be about THB 40 million (THB 37 million of which is the value of the VMI 248 machine, and THB 3 million of which are the engineering expenses). The Board of Directors has also approved the undertaking of transactions, which is considered the connected transactions between Goodyear Thailand and Goodyear Dalian Tire Company Limited ("**Goodyear China**"), a subsidiary by The Goodyear Tire & Rubber Company ("**Goodyear USA**").

This transaction is considered as the connected transaction, pursuant to the Notification of the Capital Market Supervisory Board No. TorChor. 21/2551 Re: Rules on Connected Transaction, dated 31 August 2008 (including any amendment thereto) and Notification of the Board of Governors of the Stock Exchange of Thailand Re: Disclosure of Information and Other Acts of Listed Companies Concerning Connected Transaction, dated 19 November 2003 (including amendment thereto) (collectively referred to as the "**Rules on Connected Transaction**"), and the value thereof is 1.2% of NTA which is lower than 3% of the Company's net tangible assets (NTA) as stated in the audited Financial Statements for the year ended 31 December 2021 audited by the Company's auditor.

Therefore, under the Rules on the Connected Transaction, the Company is required to disclose the information regarding the Investment to the Stock Exchange of Thailand ("**SET**").

3.2 Characteristics of the connected transactions

Purchase of VMI 248 machine

Estimated transaction value: THB 40 million

Description: Goodyear Thailand will purchase VMI 248 machine from Goodyear China to manufacture radial passenger tires and enhance production efficiency. Purchased VMI perfectly matches the existing production platform in Thailand and is fully aligned with customers' requirements. Therefore, this transaction enables efficient operations as the operating procedures are the same, so there is no need for additional training of manpower, and this gives flexibility in deployment of manpower. Further, the spare parts are interchangeable which will enhance production as well.
