Major driver on the improvement is related to changes in booking method of freight expenses accrual offset by rising expected credit loss due to strengthened US Dollar.

Net Profit

In Q3 2021 the company posted a net profit of 116.5M, an increase of 46.8M vs a net profit of 69.8M in Q3 2021 or an increase of 67.0%

Major drivers for sales growth are weakened exchange rate of Thai Baht vs US Dollar and 50% to 75% reduction in sea freight.

Financial Position (in comparison to as of 31 December 2021)

Overall financial position of the Company as of 30 September 2022, compared to the statement of financial position as of 31 December 2021, the balance of total assets which were 3,673.0M and 3,131.5M, respectively, an increase of 541.5M, due to the following reasons;

Total Assets

As of 30 September 2022, total assets were 3,673.0M, an increase of 541.5M from the balance as of 31 December 2021 at 3,131.5M.

Major drivers are driven by increased in account receivable as customers in some countries are requesting the delay of payment due to severe weakening of their local currency vs US dollar as well as an increase in raw material and trading goods inventory as the company procured additional materials to mitigate risk from commodity cost fluctuation causes by Russia vs Ukraine war.

Total liabilities increased by 309.3M from 1,322.5M million as of 31 December 2021 to 1,631.8M as of 30 September 2022.

Total Liabilities

Total liabilities increased by 309.3M from 1,322.5M million as of 31 December 2021 to 1,631.8M as of 30 September 2022.

An increase in short term liabilities is driven by the additional raw material and trading goods procurement activities as well as the need for short term cash reserve for working capital while waiting for the delayed customer payments.

Shareholders' Equity

As of 30 September 2022, total shareholders' equity was 2,040.9M, an increase of 231.9M from 1,809.0M as of 31 December 2021. The increase is driven by the net incremental profit from 2022 operations after paying off dividend.

Status Update for Subsidiary in India

For subsidiary in India, Q3 2022 revenue is 112.9M INR, an increase of 78.0M INR (Maruti Suzuki 95.7M INR) or 224.0%. Year to date revenue is 221.2M INR. However, the subsidiary is still experiencing operating losses as 13M INR raw material cost actualization of Maruti Suzuki is still in process. Annual revenue is estimated to be approximately 400 – 500M INR after the factory's production is fully ramped up.

Please be informed accordingly.
