## 3. General Characteristics and transaction size

## 3.1 General Characteristics of the transaction

A waiver of the right to purchase newly issued ordinary shares of STRD at the value of 600,000,043.36 baht, amounting to 63,443,730 shares or 34.29% of the paid-up capital after registration of new ordinary issued shares.

## 3.2 Transaction size under the disposal of assets criteria

The aforementioned transaction is considered as the disposition of assets transaction under the Notification of the Acquisition or Disposal of Assets, as by following details:

Criteria	Formula of Calculation
Net Tangible Asset (NTA)	= (STRD's NTA x Percentage of waiving the right of the Company / the Company's NTA
Net profit after taxes from normal business operation	= (STRD's Net profit after taxes from normal business operation x Percentage of waiving the right of the Company) / (the Company's Net profit after taxes from normal business operation)
Total Value of Consideration	= Total Maximum Value of Consideration for the Company's / the Company's Total Assets.
Value of securities which are issued by listed company for the asset acquired	= Not applicable as the transaction is a disposal of asset with no issuance of new securities.

The transaction size calculations based on the comparative methods are as follows:

Criteria	Formula of Calculation (million baht)	Transaction Size	Criteria Used for Disclosure
Net Tangible Asset (NTA)	$(996 \times 34.29\%) / 6,405.09$	5.33%	No need to disclose.
Net profit after taxes from normal business operation	$(94.62 \times 34.29\%) / 217.79$	14.90%	No need to disclose.
Total Value of Consideration	$600 / 19,746.85$	3.04%	No need to disclose.
Value of securities which are issued by listed company for the asset acquired	not applicable as no new share of the Company will be issued as consideration.	- None -	No need to disclose.

Note: Calculated by using the consolidated financial statements for the Company's accounting period ending 30 September 2022 that has been reviewed by the Certified Public Accountant

As the transaction size of the disposal transactions is equivalent to 14.90% calculated under the net profit from operating results criterion, which gives the highest transaction value, references from the Financial Statement (Consolidated) of twelve-month period of the Company and STRD. However, after calculating the total size of the asset disposal transaction of the Company that occurred during the past 6 months, the Company has the transaction size is equal to 37.64 %. Therefore, the transaction is deemed a class 2 transaction according to the Acquisition or Disposition Notification which is a transaction with the size of more than 15% but less than 50%.
