Re: Explanation of reasons for differences in operating results of Quarter 2/2023

The explanation to the financial performance as of 30 June 2023 of Team Precision Public Company Limited and its subsidiaries (“the Company”) is as follows:

The Company had total revenue from sales of 904 million baht for the second quarter of the year 2023. It increased by 180 million Baht or 25% compared to the same quarter of the previous year. The main factor was an increase in orders from all regions, which are Europe, USA and Asia.

The Company's gross profit margin in the second quarter of 2023 was 14%, which was slightly lower compared to the same quarter last year's gross profit due to the change in the product mix.

The Company's net profit in the second quarter of 2023 was 84 million baht or a 31% increase from net profit in the same quarter last year which was 64 million baht due to higher sale increase.

Yours sincerely,

Mr. Supachak Manutsathit
Company Secretary
