The offering price per share for the newly issued ordinary shares shall not be lower than the market price of the Company's shares as per the Notification No. TorChor. 28/2565. This period falls between January 17, 2024 - February 6, 2024, which is THB 0.41 per share.

However, the Issuing and Offering of Shares via PP transaction considered material transaction according to the Notification No. TorChor. 28/2565 because (1) after the Issuing and Offering of Shares via PP transaction, Mr. Kris Narongdej and/or his Company for Investment Purposes, together with KPN Land Co., Ltd., will hold the highest voting rights in the Company, not exceeding 39.3 percent of the total shares sold by the Company, and (2) the Issuing and Offering of Shares via PP transaction may have a Control Dilution impact of not less than 25 percent based on the number of shares sold before the date when the Company's Board of Directors passes to propose the agenda for the

shareholder meeting. Therefore, the Company must obtain the independent financial advisor's opinion for the consideration of the shareholders meeting in approving the Issuing and Offering of Shares via PP Transaction.

This results in Mr. Kris Narongdej and/or His Company for Investment Purposes, along with concert party individuals, collectively holding shares in excess of 25.0 percent of the total voting rights, triggering a mandatory tender offer for all Company securities as per Section 247 of The Securities Act B.E. 2535 (“**The Securities Act**”). The calculation is based on the provisions of Section 258 of The Securities Act, which considers the combined holdings of individuals and concert parties. This mandatory tender offer requirement is also governed by the Notification of the Capital Market Supervisory Board No. TorChor. 12/2554 regarding the criteria, conditions, and procedures for acquiring control of a business operation through the acquisition of securities, dated May 13, 2011, and any subsequent amendments (“**Notification No. TorChor. 12/2554**”). Therefore, Mr. Kris Narongdej and/or His Company for Investment Purposes intend to request a waiver of the mandatory tender offer obligation based on the Company's shareholder meeting resolution (Whitewash) in accordance with the Notification of the Securities and Exchange Commission Office No. SorKor. 29/2561 regarding the criteria for requesting a waiver of the mandatory tender offer obligation for all securities of a business operation based on the resolution of the shareholder meeting, dated May 30, 2018, and any subsequent amendments (“**Notification No. SorKor. 29/2561**”). Furthermore, due to the Company's accumulated losses as of the end of the quarter of 3/2023, which ended on September 30, 2023, the Company may set a minimum offering price for ordinary shares lower than their registered par value, provided that it is not lower than THB 0.01 per share. This is in accordance with Section 52 of the PLCA, which states that if a company has been in operation for at

least one year and has accumulated losses, it may offer shares at a price lower than their registered par value, subject to approval at a shareholder meeting, and the specific discount rate must be determined.

When the transaction sizes (a) and (b) are aggregated, they represent 37.1 percent of the net asset value of the Company as of the end of the quarter of 3/2023, based on the Company's financial statements for the quarter ending on September 30, 2023, which is greater than 3 percent of the net asset value of the Company's assets, making it a significant transaction. Furthermore, when combining with other connected transactions during the past six months prior to the date of the aforementioned transactions, it amounts to 37.2 percent.

Remark

At the meeting of the Company's Board of Directors No. 1/2024, held on February 7, 2024, a resolution was passed to propose to the Extraordinary General Meeting of Shareholders No.1/2024, for approval of increasing the registered capital by issuing newly issued ordinary shares totaling 2,874,000,000 shares, with a par value of THB 1.00 per share, representing 42.9 percent of the total number of shares sold by the Company after the capital increase. The allocation of the newly issued ordinary shares is divided as follows:

- 1) Allocating newly issued ordinary shares of the Company, not exceeding 2,522,000,000 shares, with a par value of THB 1.00 per share, for investors via Private Placement, specifying the offering price clearly in accordance with the Notification of the Capital Market Supervisory Board No. TorChor 28/2565 regarding the Approval for the Listed Companies to Issue the Newly-issued Shares to the Specific Investors ("**Notification No. TorChor 28/2565**"), at a price of THB 0.42 per share, representing a total proportion of not more than 37.67 percent of the total number of shares sold by the Company after the offering of new shares to specific persons, totaling a value of THB 1,059,240,000. These shares will be allotted to the following individuals, who are potential investors and capable of investing in the Company:
 - (a) Allocating 1,622,000,000 newly issued ordinary shares to Mr. Kris Narongdej, and/or companies that will be established abroad for the purpose of managing investments in various businesses, in which Mr. Kris Narongdej will hold accumulated shares, have controlling power, and act as a true beneficiary of the company. (collectively referred to as "**Mr. Kris Narongdej and/or His Company for Investment Purposes**") with a total value of THB 681,400,000;
 - (b) Allocating 900,000,000 newly issued ordinary shares to Mr. Patee Sarasin, and/or the company that will be established abroad for the purpose of managing investments in various businesses, in which Mr. Patee Sarasin will hold accumulated shares, have controlling power, and act as a true beneficiary of the company (collectively referred to as "**Mr. Patee**

Sarasin and/or His Company for Investment Purposes") with a total value of THB 378,000,000; and

The offering of newly issued ordinary shares to investors via Private Placement ("**the Issuing and Offering of Shares via PP transaction**") is an offering where the Company holds a shareholders' meeting with a clear determination of the offering price. The offering price per share for the newly issued ordinary shares shall not be lower than the market price of the Company's shares as per the Notification No. TorChor 28/2565. The price is set at THB 0.42 per share, representing not less than 90.0 percent of the weighted average market price of the Company's shares on the Stock Exchange of Thailand ("**SET**") over the past 15 consecutive trading days before the Company's Board of Directors passed a resolution to propose this agenda at the shareholders' meeting. This period falls between January 17, 2024 - February 6, 2024, which is THB 0.41 per share.

However, the Issuing and Offering of Shares via PP transaction falls under a significant event according to the Notification No. TorChor. 28/2565 because (1) after the Issuing and Offering of Shares via PP transaction, Mr. Kris Narongdej and/or His Company for Investment Purposes, together with KPN Land Co., Ltd., will hold the highest voting rights in the Company, not exceeding 39.3 percent of the total shares sold by the Company, and (2) the Issuing and Offering of Shares via PP transaction may have a Control Dilution impact of not less than 25 percent based on the number of shares sold before the date when the Company's Board of Directors resolves to propose the agenda for the shareholder meeting. Therefore, the Company must obtain the independent financial advisor's opinion for the consideration of the shareholders' meeting in approving the Issuing and Offering of Shares via PP transaction.

After the Issuing and Offering of Shares via PP transaction, Mr. Kris Narongdej and/or His Company for Investment Purposes will acquire 1,622,000,000 shares of the Company, representing 24.2 percent of the total voting rights after the increase of the Company's paid-up capital after the issuance and offering of the newly issued ordinary shares. This results in Mr. Kris Narongdej and/or His Company for Investment Purposes, along with the person under Section 258 of The Securities and Exchange Act B.E. 2535 ("**The Securities Act**") and the concert party individuals, collectively holding shares exceeding the trigger point of 25.0 percent of the total voting rights, thereby requiring them to make a tender offer for all securities in the Company as per Section 247 of The Securities Act, in conjunction with the Notification of the Capital Market Supervisory Board No. TorChor. 12/2554 regarding the criteria, conditions, and procedures for acquiring control of a business operation through the acquisition of securities, dated May 13, 2011, and any subsequent amendments ("**Notification No. TorChor. 12/2554**"). Therefore, Mr. Kris Narongdej and/or His Company for Investment Purposes intend to seek a waiver of the mandatory tender offer obligation by virtue of the resolution of a

shareholders meeting of the business (Whitewash) in accordance with the Notification of the Securities and Exchange Commission Office No. SorKor. 29/2561 regarding the criteria for requesting a waiver of the mandatory tender offer obligation for all securities of the business by virtue of the resolution of a shareholders meeting of the business, dated May 30, 2018, and any subsequent amendments ("**Notification No. SorKor. 29/2561**"). Please refer to Details Regarding the Application for a Waiver of a Tender Offer to Purchase All Securities of the Business by Virtue of a Shareholders Meeting's Resolution (Whitewash) (**Enclosure 5**) for further details.

- 2) Allot newly issued ordinary shares not exceeding 308,000,000 shares at a par value of THB 1.00 per share to accommodate the exercise of the warrants to purchase the Company's newly issued ordinary shares No. 1 (RML-W1) which will be allocated to investors via Private Placement not exceeding 308,000,000 units.
- 3) Allot newly issued ordinary shares not exceeding 44,000,000 shares at a par value of THB 1.00 per share to accommodate the exercise of warrants to purchase newly issued ordinary shares of the Company under the Employee Stock Ownership Plan (ESOP) No. 1, which will be issued to the Company's directors, executives, employees, and subsidiaries, not exceeding 44,000,000 units.

Furthermore, due to the Company's accumulated losses as of the end of the quarter of 3/2023, which ended on September 30, 2023, the Company may set a minimum offering price for newly issued ordinary shares lower than their registered par value, provided that it is not lower than THB 0.01 per share. This is in accordance with Section 52 of the Public Limited Companies Act (the "**PLCA**"), which states that if a company has been in operation for at least one year and has accumulated losses, it may offer shares at a price lower than their registered par value, subject to approval at a shareholders' meeting, and the specific discount rate must be determined.

Please review the details regarding the issuance and offering of newly issued ordinary shares and the warrants to purchase newly issued ordinary shares allotted to investors via Private Placement, which are provided in the Information Regarding the Issuance and Offering of Newly Issued Ordinary Shares for Capital Increase and the Warrants to Purchase Newly Issued Ordinary Shares for Capital Increase via Private Placement, and Connected Transaction of Raimon Land Public Company Limited (**Enclosure 2**), Summary of the Issuance and Offering of Warrants to Subscribe for Newly Issued Ordinary Shares in the Capital Increase of Raimon Land Public Company Limited to Investors via Private Placement (RML-W1) (**Enclosure 3**) and Summary of the Issuance and Offering of Warrants to Subscribe for Newly Issued Ordinary Shares in the Capital Increase of Raimon Land Public Company Limited to Directors and Employees of Raimon Land Public Company Limited and its Subsidiaries (the RML ESOP WARRANT Project No. 1 (ESOP-WS #1)), (**Enclosure 4**).

These shares represent ordinary shares allocated to support the exercise of rights, not exceeding 308,000,000 shares (7.4 percent of the total shares sold by the Company) for Private Placement. The rate of exercising the rights under the RML-W1 warrant is 1 unit of RML-W1 warrant per 1 ordinary share. The RML-W1 warrants have a term of 3 years from the issuance date of the RML-W1 warrants and have an exercise price of THB 1.00 per share. ("**RML-W1 Warrant Issuance and Offering Transactions**"). The list of investors and details regarding the allocation of RML-W1 warrants are as follows:
 - (1) Allocation of RML-W1 warrants, not exceeding 108,000,000 units, to Mr. Kris Narongdej;
 - (2) Allocation of RML-W1 warrants, not exceeding 108,000,000 units, to Mr. Korn Narongdej; and
 - (3) Allocation of RML-W1 warrants, not exceeding 92,000,000 units, to Mr. Wan Huat Joseph Chia.

These investors are potential and eligible investors capable of investing in the Company. Since Mr. Kris Narongdej and Mr. Korn Narongdej currently hold positions as directors and executives of the Company, with Mr. Kris Narongdej being a major shareholder of the Company, the RML-W1 Offering, and Allocation Transaction to (1) Mr. Kris Narongdej and (2) Mr. Korn Narongdej is considered connected transactions in accordance with the Notification of the Capital Market Supervisory Board No. Tor Jor. 21/2551 re: Rules on Connected Transactions, dated 31 August 2008 and Notification of the Board of Governors of the SET re: Disclosure of Information and Other Acts of Listed Companies Concerning Connected Transactions, B.E. 2546 (2003), dated 19 November 2003 (collectively, the "**Connected Transaction Notifications**"), and the size of the transactions are 3.1 percent and 3.1 percent, respectively, of the net tangible assets of the Company, based on the Company's consolidated financial statements for the quarter of 3/2023 ended September 30, 2023. Please consider the details of related transactions in the Information Regarding the Issuance and Offering of Newly Issued Ordinary Shares for Capital Increase and the Warrants to Purchase Newly Issued Ordinary Shares for Capital Increase via Private Placement, and Connected Transaction of Raimon Land Public Company Limited (**Enclosure 2**).

These warrants to purchase newly issued ordinary shares for capital increase, issued and offered to investors via Private Placement, will not be registered as registered securities on the Stock Exchange of Thailand ("**SET**"). When comparing the offering price of RML-W1 warrants together with the exercise price of RML-W1 warrants to purchase newly issued ordinary shares for the capital increase to the market price, the offering of RML-W1 warrants does not fall within the definition of offering securities at a price lower than the market price, as defined in the Related Notifications. The market price refers to the average weighted price of the Company's ordinary shares on the SET during the 15 consecutive business days prior to the date when the Board of Directors of the Company passed a resolution to propose the agenda to the shareholders' meeting for approval of the Company's offering of RML-W1 warrants, which was between January 17 – February 6, 2024, at a price of THB 0.41 per share. Please refer to the Summary of the Issuance and Offering of Warrants to Subscribe for Newly Issued Ordinary Shares in the Capital Increase of Raimon Land Public Company Limited to Investors via Private Placement (RML-W1) (**Enclosure 3**).

2. Allocate up to 2,522,000,000 newly issued ordinary shares for the capital increase of the Company, each with a par value of THB 1.00, for offering to investors via Private Placement, with a clearly defined offering price in accordance with the announcement of the Securities and Exchange Commission ("**SEC**") No. 28/2565, titled "Permission for

Companies to Register the Sale of Newly Issued Shares to Limited Groups of Individuals" (**"Notification No. TorChor 28/2565"**). The offering price per share shall be THB 0.42, representing a total proportion not exceeding 37.67 percent of the total number of shares previously sold by the Company after the offering of newly issued shares to limited groups of individuals. This amounts to a total value of THB 1,059,240,000, to be offered to the following individuals, who are potential investors capable of investing in the Company (**"the Issuing and Offering of Shares via PP transaction"**):

- (a) Allocate 1,622,000,000 newly issued ordinary shares for the capital increase to Mr. Kris Narongdej, and/or companies that will be established abroad for the purpose of managing investments in various businesses, in which Mr. Kris Narongdej will hold accumulated shares, have controlling power, and act as a true beneficiary of the company. (collectively referred to as "**Mr. Kris Narongdej and/or His Company for Investment Purposes**") with a total value of THB 681,240,000.
- (b) Allocate 900,000,000 newly issued ordinary shares for the capital increase to Mr. Patee Sarasin and/or the company that will be established abroad for the purpose of managing investments in various businesses, in which Mr. Patee Sarasin will hold accumulated shares, have controlling power, and act as a true beneficiary of the company (collectively referred to as "**Mr. Patee Sarasin and/or His Company for Investment Purposes**"), with a total value of THB 378,000,000.

The Issuing and Offering of Shares via PP transaction is an offering where the Company holds a shareholders' meeting with a clear determination of the offering price. The offering price per share for the newly issued ordinary shares shall not be lower than the market price of the Company's shares as per the Notification of the Capital Market Supervisory Board No. TorChor 28/2565. This period falls between January 17 - February 6, 2024, which is THB 0.41 per share.

However, the Issuing and Offering of Shares via PP transaction falls under a significant event according to the Notification of the Capital Market Supervisory Board (TorChor. 28/2565) because (1) Mr. Kris Narongdej and/or His Company for Investment Purposes and KPN Land Co., Ltd. together will hold the highest voting rights in the Company, not exceeding 39.3% of the total shares sold by the Company, and (2) the Issuing and Offering

of Shares via PP transaction may have a Control Dilution impact of not less than 25% based on the number of shares sold before the date when the Company's board of directors resolves to propose the agenda for the shareholder meeting. Therefore, the Company must obtain the independent financial advisor's opinion for the consideration of the shareholders' meeting in approving the Issuing and Offering of Shares via the PP Transaction

After the Issuing and Offering of Shares via PP transaction, Mr. Kris Narongdej and/or His Company for Investment Purposes will acquire 1,622,000,000 shares of the Company, representing 24.2 percent of the total voting rights after the capital increase. This results in Mr. Kris Narongdej and/or His Company for Investment Purposes, when combining the shares held by individuals pursuant to Section 258 of the Securities Act B.E. 2535 ("**The Securities Act**") and concert parties concert party individuals, collectively holding shares in excess of 25.0 percent of the total voting rights, triggering a mandatory tender offer for all Company securities as per Section 247 of the Securities Act and the Notification of the Capital Market Supervisory Board No. TorChor. 12/2554 regarding the criteria, conditions, and procedures for acquiring control of a business operation through the acquisition of securities, dated May 13, 2011, and any subsequent amendments ("**Notification No. TorChor. 12/2554**"). Therefore, Mr. Kris Narongdej and/or His Company for Investment Purposes intends to request a waiver of the mandatory tender offer obligation based on the Company's shareholder meeting resolution (Whitewash) in accordance with the Notification of the Securities and Exchange Commission Office No. SorKor. 29/2561 regarding the criteria for requesting a waiver of the mandatory tender offer obligation for all securities of a business operation based on the resolution of the shareholder meeting, dated May 30, 2018, and any subsequent amendments ("**Notification No. SorKor. 29/2561**"). Please refer to the Details Regarding the Application for a Waiver of a Tender Offer to Purchase All Securities of the Business by Virtue of a Shareholders Meeting's Resolution (Whitewash) (**Enclosure 5**) for further details.

3. Allotting newly issued ordinary shares not exceeding 308,000,000 shares at a par value of THB 1.00 per share to accommodate the exercise of the warrants to purchase the newly issued ordinary shares of the Company No. 1 (RML-W1) which will be allocated to investors via Private Placement not exceeding 308,000,000 units ("**Allocation of Newly Issued Ordinary Shares for Capital Increase to Support the Exercise of Rights under the RML-W1 Warrants**")

Furthermore, due to the company's accumulated losses as of the end of the quarter of 3/2023, which ended on September 30, 2023, the Company may set a minimum offering price for ordinary shares lower than their registered par value, provided that it is not lower than THB 0.01 per share. This is in accordance with Section 52 of the PLCA, which

states that if a company has been in operation for at least one year and has accumulated losses, it may offer shares at a price lower than their registered par value, subject to approval at a shareholder meeting, and the specific discount rate must be determined.

The pricing of the newly issued ordinary shares for capital increase under the Issuing and Offering of Shares via PP transaction at a price of THB 0.42 per share was determined through negotiation and mutual agreement between the company and the investors. This price is based on the market price of the company's shares, as it was an offering that was approved at the shareholders' meeting with a clear and specific offering price. The offering price of the additional capital shares is not less than 90.0 percent of the weighted average market price of the company's shares in the securities market, as specified in the SET Notification No.TorChor 28/2565. 8.1 Reasons and Necessity for the Capital Increase

The Board of Directors believes the allocation of newly issued ordinary shares for capital increase, the issuance and offering of warrants to purchase newly issued ordinary shares for capital increase of the Company, and the allocation of supporting shares to investors via the Private Placement will help reduce the investment burden on existing shareholders when increasing capital. This will also allow the Company to raise additional capital as needed in a shorter period, which will increase the opportunity for the Company to invest in projects with good returns, enhancing its competitiveness and business development. This will enable the Company to grow steadily and sustainably. Furthermore, the issuing and offering of RML-W1 warrants, the issuing and offering of PP shares, and the allocation of newly issued ordinary shares to support the exercise of rights under RML-W1 will also strengthen the Company's financial position as these investors have potential in terms of capital and are genuinely able to invest in the Company.

The Board of Directors has considered and believes it is necessary to offer the issuance of newly issued ordinary shares and warrants for the right to subscribe for newly issued ordinary shares to the aforementioned individuals for the following reasons:

- (a) The process of allocating newly issued ordinary shares for Private Placement, RML-W1, and the allocation of newly issued ordinary shares to support warrants to purchase newly issued ordinary shares for capital increase of the Company to investors via the Private Placement is swift enough to accommodate the Company's expenditure plans, including investments and debt repayments.
- (b) To reduce the investment burden on existing shareholders, as current economic conditions may impact existing shareholders' readiness to invest additional capital in this instance and may result the Company not be able to raise funds. Therefore, it is necessary to raise capital promptly.
- (c) To reduce the risk associated with capital increase and instill confidence that this capital increase will be successful, and the company will receive the funds raised as per the offering.
- (d) To expand the pool of financially capable shareholders to support the Company's expansion plans and new business opportunities that may arise in the short and medium term, especially in the case of new business opportunities that require quick consideration, and negotiation. This will also enable the Company to better respond to various future financial needs.
- (e) The investors who will receive allocations of newly issued ordinary shares and RML-W1 warrants, particularly those within the scope of private placement, have the potential, readiness, and sufficient liquidity to invest in the company's shares under current circumstances. Many companies have cash reserves greater than their immediate investment need.

Therefore, this capital increase is both justified and will result in the maximum benefit to the Company, given the reasons and necessity mentioned earlier. The issuance and offering of newly issued ordinary shares in this instance will allow the Company to raise the necessary capital in line with its financial strategy and business expansion plans.

8.2 Feasibility of the Capital Utilization Plan

The Company's Board of Directors believes that the funds obtained from the issuance of ordinary shares in this round will be used in accordance with the objectives of the capital increase and the spending plan outlined in item 4 above.

8.3 The Rationale for Increasing Capital is Reasonable

The Board of Directors believes that the capital increase in this instance is reasonable and will bring maximum benefits to the Company. The Company deems it necessary to raise funds for further investments to generate profits and returns for the Company and its shareholders, as detailed in item 4, the objectives of the capital increase and the use of the additional capital. The plan to allocate ordinary shares for private placement, RML-W1 warrant issuance, and the allocation of newly issued ordinary shares to support warrants to purchase newly issued ordinary shares for capital increase of the Company to investors via the Private Placement are suitable and align with the Company's capital-raising objectives. This will ensure that the Company receives the necessary capital to expand its business in accordance with the established plan.

8.4 Anticipated Impact on the Company's Business, Financial Position, and Operations Due to Capital Increase and Planned Expenditure

[The Board of Directors believes that the capital increase in this instance is beneficial to the Company's business. The capital increase will strengthen and stabilize the Company's financial position, making it financially robust and resilient. This will enable the Company to execute its strategic plans, expand investments in various business ventures, and potentially yield returns on investments or business expansions in the future. However if the raise of funds is unsuccessful, the Company may lose the key business opportunities for generate revenue and returns for the Company in the long term.

Nevertheless, in the event that the Company is unable to raise capital fully through the issuance and offering of new ordinary shares and RML-W1 warrants to investors in this instance, the Company may need to reconsider its strategic plans, business expansion, and investment activities to align them with the Company's financial situation and capital availability. The Company may also explore alternative sources of funding to ensure that it can continue its operations as per the originally laid-out business plans, even if there is a delay in the capital-raising process.]

8.5 Appropriateness of Share Price in the Sale of Newly Issued Ordinary Shares and RML-W1 Warrants under the Transactions for Issuing and Offering RML-W1 Warrants, the Issuing and Offering of PP shares, and the Allocation of Newly Issued Ordinary Shares to Support the Exercise of Rights under RML-W1

The Board of Directors believes that the share prices for the newly issued ordinary shares and RML-W1 warrants and offering of shares to support the exercise of rights to the investors are appropriate. This is because when combining the prices of the RML-W1 warrants offering and the prices for exercising the rights to purchase ordinary shares under the RML-W1 warrants, the resulting price falls within a range that is not below 90% of the weighted average market price of the Company's shares, which is equal to THB 0.41. The offering prices are appropriate which resulting the Company be able to provide source of funds as needed under the current economic and capital market conditions. Additionally, these investors are knowledgeable, capable, and experienced in managing companies. Therefore, the Company believes that these investors will

play a vital role in supporting and/or developing the Company's potential so that the Company's businesses will be successful and grow sustainably.

8.6 Source of Pricing for the Transactions of Issuing and Offering RML-W1 Warrants, Private Placement, and Allocation of Additional Ordinary Shares to Support the Exercise of Rights under RML-W1

The pricing of the newly issued ordinary shares and RML-W1 Warrant results from negotiations and mutual agreements between the Company and investors, with reference to the market price as specified in Section 3.3. Additionally, the exercise price for the rights to purchase ordinary shares under RML-W1 represents an offer of newly issued securities at a price higher than the market price. This demonstrates confidence in the Company's future growth and development.

8.7 Rationality Compared to Transactions with Independent Third Parties for Issuing and Offering RML-W1 Warrants, Private Placement, and Allocation of Newly Issued Ordinary Shares to Support the Exercise of Rights under RML-W1

The Company's Board of Directors believes that the issuing and offering of newly issued ordinary shares and Warrant, including supporting shares to investors are considered reasonable when compared to entering to the transactions with independent third parties since these investors are knowledgeable, capable, and experienced in managing companies. Therefore, the Company believes that these investors will play a vital role in supporting and/or developing the Company's potential so that the Company's businesses will be successful and grow sustainably.

Additionally, the issuing and offering of newly issued ordinary shares and Warrant will help the Company's financial position more stable. Moreover, the offering price is not the low offering price in accordance with the Notification No. TorChor 28/2565. Therefore, the Company's Board of Directors believes that such action is for the benefit of the Company and is fair to the shareholders of the Company.

9. Board's Certification

In cases where the Company's Board of Directors fails to fulfill their duties in accordance with the laws, objectives, and article of association of the Company, as well as the resolutions passed at shareholder meetings with honesty, integrity, and due care for the Company's best interests regarding the capital increase, the Company has the right to claim damages from those directors. If the Company does not pursue such claims, shareholders holding not less than 5 percent of the total issued shares may notify the Company to take action, and if the Company fails to act, those shareholders may take legal action for damages against the directors on behalf of the Company, as per Section 85 of the Public Limited Companies Act B.E. 2535 (including subsequent amendments).

Additionally, the Board of Directors certifies that due diligence was exercised in the consideration and examination of the information received from investors for the issuance and offering of RML-W1 warrants, private placement of ordinary shares, and allocation of newly issued ordinary shares to support the exercise of rights under RML-W1 to investors via Private Placement. It is deemed appropriate since the investors have the potential and the actual capability to invest in the Company. Moreover, these investors can strengthen the Company's financial position and provide benefits to the Company.

(collectively referred to as "**Mr. Kris Narongdej and/or His Company for Investment Purposes**") (the "**Applicant**") wishes to seek a waiver from the requirement to make a tender offer for all securities of the Company by virtue of the resolution of a shareholders meeting of the business (Whitewash) in accordance with the Notification of the Office of the Securities and Exchange Commission No. Sor.Kor. 29/2561 regarding criteria for requesting for a waiver of the mandatory tender offer obligation for all securities of the business by virtue of the resolution of a shareholders meeting of the business, dated May 30, B.E. 2561, (including subsequent amendments) ("**Notification No. SorKor 29/2561**").

As Mr. Kris Narongdej's Company for Investment Purposes, and Mr. Patee Sarasin's Company for Investment Purposes are being established and expected to be completed before the Extraordinary General Meeting of Shareholders No.1/2024, the Company will notify its shareholders regarding the applicant in the meeting invitation for the Extraordinary General Meeting of Shareholders No. 1/2024.

In the capital increase of the Company (as detailed in the information regarding the Board of directors meeting's resolutions and the set of the date of the Extraordinary General Meeting of Shareholders No. 1/2024), the Company will allocate newly issued ordinary shares and warrants to purchase newly issued ordinary shares of the company, with the following details:

This results in the Applicant, along with the person under Section 258 of The Securities and Exchange Act B.E. 2535 ("**The Securities Act**") and the concert party individuals, collectively holding shares exceeding the trigger point of 25.0 percent of the total voting rights, thereby requiring them to make a tender offer for all securities in the Company as per Section 247 of The Securities Act, in conjunction with the Notification of the Capital Market Supervisory Board No. TorChor. 12/2554 regarding the criteria, conditions, and procedures for acquiring control of a business operation through the acquisition of securities, dated May 13, 2011, and any subsequent amendments ("**Notification No. TorChor. 12/2554**"). 3. Method for Determining the Offering Price of Securities and the Reasons therefor

The determination of the offering price of newly issued ordinary shares under the Issuing and Offering of Shares via PP transaction at a price of THB 0.42 per share is the result of negotiation and mutual agreement between the Company and the investors based on the market price of the Company's shares, as clearly specified in the resolution of the Company's shareholders' meeting. The offering price per share for the newly issued ordinary shares shall not be lower than the market price of the Company's shares as per the Notification of the Capital Market Supervisory Board No. TorChor 28/2565 regarding the Approval for the Listed Companies to Issue the Newly-issued Shares to the Specific Investors ("**Notification No. TorChor 28/2565**"). This pricing period falls between January 17, 2024 – February 6, 2024, which is THB 0.41 per share (data from SETSMART).

Furthermore, due to the Company's accumulated losses as of the end of the quarter of 3/2023, which ended on September 30, 2023, the Company may set a minimum offering price for newly issued ordinary shares lower than their registered par value, provided that it is not lower than THB 0.01 per share.
