Sales

The company reported Q1'24 revenue from sales at THB 1,249.1 million, increased 8.4% YoY, but declined 2.4% QoQ with the following details;

Revenue from shrimp feed

- In Q1'24, revenue from shrimp feed sales was THB 708.9.3 million, up 11.2% YoY, thanks to higher selling volume by 9.7%, driven by the shrimp feed sales in Indonesia as well as average selling price in Indonesia was higher, resulted average selling price of shrimp feed slightly increased by 1.4%.
- Comparing to the previous quarter, revenue from shrimp feed sales increased by 4.8% driven by the higher sales and selling volume in Indonesia.
- The revenue from shrimp feed sales by PT Thai Union Kharima Lestari, showed its solid with the sales growth at 126.2% YoY and 90.2% QoQ, as a resulted from the market expansion and the feed formulation improvement to respond the customer needed in Indonesia.

Revenue from fish feed

- In Q1'24, revenue from fish feed sales was at THB 419.2 million, increased from the same period of last year by 14.8%, driven by the seabass feed sales growth by 32.8%, while the other feed sales still remained at the same level (-0.9%)
- Comparing to the previous quarter, revenue from fish feed sales declined by 10.4% QoQ, caused by the decreasing of the selling volume by 9.2% QoQ.

Revenue from livestock feed

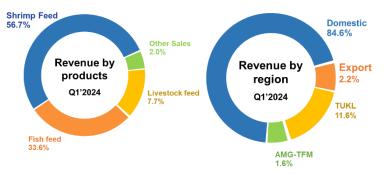

- Q1'24 revenue from livestock feed sales was at THB 96.2 million, declined by 27.2% YoY, caused by the portfolio adjustment in Thailand to focus on the healthy margin products, resulted trimming livestock feed sales. As a result of the decreasing of livestock feed sales in Thailand, however our subsidiary in Pakistan still expanded the livestock feed market and increase its sales by 28.8% YoY, to offset with the lower fish feed sales.
- Comparing to the previous quarter, revenue from livestock feed declined by 13.4% QoQ from the decreasing of the livestock feed sales in Thailand around 17.6%, aligned with the strategy as aforementioned. Despite the livestock feed sales in Pakistan continue growing by 10.5% QoQ.

Management Discussion and Analysis for Q1'2024 Results, ended 31 March 2024

Sales breakdown by product:

	Sales (Unit : THB million)		Qty (Unit : Tones)			
	Q1'2024	Q1'2023	YoY	Q1'2024	Q1'2023	YoY
Shrimp feed	708.9	637.3	11.2%	22,343	20,377	9.7%
Fish feed	419.2	365.1	14.8%	12,262	11,521	6.4%
Livestock feed	96.3	132.1	-27.2%	6,372	7,865	-19.0%
Other sales	24.8	17.7	40.5%	-	-	0.0%
Total	1,249.1	1,152.2	8.4%	40,977	39,763	3.1%

Cost of goods sold and Gross profit

- In Q1'24, the Company's cost of goods sold was at THB 1,048.0 million, decreased by 5.1% from the same period of last year, resulted from the well-managed production cost and the higher production efficiency as well as the lower of key raw material price.
- In Q1'24, the Company's cost of goods sold was down by 9.3% compared to previous quarter, due to the lower production and sales volume and the production cost management as aforementioned.

Q1'24 gross profit was THB 201.1 million, robustly grew by 321.2% compared to the same period of last year which was at THB 47.7 million, resulted from the effort on the production cost control, the increasing of the production efficiency, and the adjustment of sales strategy including portfolio management as well as the profitable performance of the subsidiaries in overseas, resulted the gross profit margin rose to 16.1% from 4.1% in Q1'23 and 9.7% in Q4'23.

Selling General and Administrative Expenses

In Q1'24, the Company's SG&A expenses were at THB 105.5 million, increased from the same period of last year and previous quarter by 11.8% and 0.4%, respectively. Resulting from the higher employee benefit expenses, sales staff expenses and transportation which was in line the market expansion in Indonesia.

Net profit

In Q1'24, the Company reported the net profit attributed to shareholders at THB 104.0 million, strongly turned profit compared to the same period of last year and increased by 601.2% from the previous quarter, driven by the profitability increased due to the well-managed production cost, higher production efficiency and the soften key raw material price.

As a result, Q1'24 earning per share robustly increased to THB 0.21 per share from loss-making in Q1'23 at THB -0.06 per share and Q4'23 at 0.03 per share.

Financial position analysis:

As of March 31, 2024, the Company reported total assets of THB 3,451.1 million, or 3.9% increased from the end of 2023, mainly due to the increasing of the operating assets such as account receivable and inventories around 2.7% and 16.6%, respectively which was in line with the sales growth. In addition, short-term investment also increased at THB 100 million to managed the excess cash.

Total liabilities slightly increased by 0.19%, mainly from the short-term loans from financial institution of TUKL around THB 30 million to support the working capital, which was in line with the sales growth, and partially offset with the decreasing of the account payable.

Total shareholder's equity was at THB 2,580.0 million, increased 5.3% from the end of 2023, resulted from the profitable performance as aforementioned.

Management Discussion and Analysis for Q1'2024 Results, ended 31 March 2024

Cash flow analysis:

During Q1'24, net cash from operating activities was at THB 20.2 million, mainly composed of EBITDA at THB +153.6 million, adjusted with the non-cash items minus THB -3.9 million and operating assets totaling THB -128.8 million, resulted from the higher account receivable and inventories which was in line with the sales growth, as well as minus income tax paid by THB -0.7 million.

Net cash paid from investing activities were at THB -109.4 million, mainly invested in the short-term investment at THB -100.0 million and investment in fixed assets at THB -11.1 million. In addition, there was a cash inflow from disposed of fixed assets and interest income totaling THB +1.7 million.

Net cash receipts from financing activities were at THB 24.1 million, mainly from the short-term loan from financial institution of TUKL to support its working capital around THB 27.7 million and partially offsetting with paying financial cost and financial lease liabilities totaling 3.6 million.

Key Financial ratios:

Key Financial Ratio	Q1'2024	Q1'2023	Q4'2023
Current Ratio (x)	3.0	2.7	2.8
Average Collecting Period (Day)	53	51	56
