

## QUARTERLY HIGHLIGHTS

#### 1Q 2024/25 EXECUTIVE SUMMARY

In 1Q 2024/25, BTS Group Holdings PCL (BTS Group or the Company) recorded **Total Reported (consolidated) Revenue** of THB 5,256mn, decreasing 22.2% or THB 1,504mn YoY. The reduction in revenue of THB 1,707mn was mostly derived from lower revenue from contracting works after the completion of the Pink and Yellow Lines construction. However, the reduction in revenue was partially compensated with an increase in service income and sales of THB 282mn, mainly driven by the recognition of farebox revenue of the Pink and Yellow Lines and the increase in O&M revenue. **Total Reported (consolidated) Expenses** decreased 22.4% YoY or THB 1,123mn to THB 3,900mn in tandem with the decrease in revenues.

Recurring EBITDA was THB 1,920mn, an increase of 12.2% YoY or THB 209mn due to stronger EBITDA from MIX and MATCH businesses. For MIX business, the improved recurring EBITDA was mainly attributed to no operational loss contribution from investment in Kerry Express (Thailand) PCL (KEX) (following the disposal of investment in KEX in the prior quarter) and a return to record of share of profit from investment in Jaymart Group Holdings PCL (JMART) in this guarter. Additionally, the improvement of Rabbit Holdings PCL (RABBIT) operations resulted in an improved MATCH performance. However, the increase in recurring EBITDA was partially offset with the softer performances within MOVE business mainly from (i) lower mass transit-related interest income as the Company no longer recognised interest income related to the E&M provision following the repayment of the entire E&M debt from the Bangkok Metropolitan Administration (BMA) since 2 April 2024, onwards, and (ii) soft performances of the Pink & Yellow Lines operations during early years of operations.

**Reported Net Loss Attributable to shareholders of the Company** was THB 382mn, reducing by 50.5% YoY or THB 390mn, primarily due to (i) no recognition of a one-time impairment loss on RABBIT' investment in Singer Thailand PCL (SINGER), (ii) a turnaround to share of profit from investment in associates/JVs (mainly from no operational loss contribution from KEX and share of profit from investment in JMART), (iii) lower SG&A expenses, yet, partially offset with (iv) higher finance costs and (v) aforesaid soft performances of the Pink & Yellow Lines.

Cash and cash equivalents as of 30 June 2024 stood at THB 16.0bn, an increase of 156.8% or THB 9.8bn from 31 March 2024. It is worth mentioning that net cash from operating activities in this quarter (THB 22.4bn) was strengthened, following the abovementioned repayment of the E&M debt from the BMA.

Our MIX network has advanced beyond its leading advertising media capability to provide comprehensive O2O Marketing Solutions combining advertising, digital services, and distribution services, incorporating smart DATA for optimising insight and customer satisfaction.

#### **Group Restructuring**

To align with the Company's business direction, BTS Group unveiled a strategic restructuring plan in August 2024, aimed at strengthening the Group structure and maximising overall benefit within the Group. BTS Group, thus, will acquire Roctec Global PCL (ROCTEC) and RABBIT via a conduction of conditional voluntary tender offer (VTO). Source of funds will be mainly underpinned by proceeds from BTS Group's Rights Offering (RO). Post VTO transactions, effective from the beginning of November 2024, the financial statements of ROCTEC and RABBIT are expected to be consolidated with BTS Group's financial statements.

In tandem, VGI PCL (VGI) will issue and offer new ordinary shares via a private placement (PP) to four investors. Despite the decrease shareholding in VGI, BTS Group is expected to retain operational control, ensuring continuity in strategic direction. In addition, VGI will divest ROCTEC to BTS Group.

### **OPERATIONAL PERFORMANCE**

	Contribution	Operating Revenue (THB mn)			GP margin (%)	
	1Q 2024/25	1Q 2024/25	1Q 2023/24	YoY	1Q 2024/25	1Q 2023/24
MOVE	61%	2,248	3,698	(39.2)%	32.0%	31.8%
MIX	31%	1,160	1,218	(4.8)%	34.8%	35.1%
MATCH	8%	278	196	41.9%	n/a	n/a
Total	100%	3,686	5,112	(27.9)%	30.4%	31.1%

In 1Q 2024/25, **Total Operating Revenues** were THB 3,686mn, decreasing by 27.9% YoY or THB 1,427mn. Revenues from MOVE, MIX and MATCH businesses accounted for 61%, 31% and 8%, respectively of total operating revenues (as opposed to 72%, 24% and 4%, respectively within the same period last year).

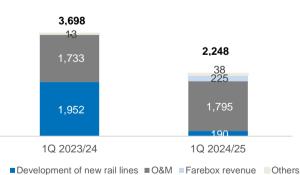

The decrease in operating revenue was mainly due to a diminution of revenues of THB 1,762mn YoY from contracting works after the completion of the Pink (main line) and Yellow Line construction under MOVE business, yet, partially offset with a record of farebox revenue from the Pink (main line) and Yellow Lines of THB 225mn in this quarter.

Additionally, Digital Services revenue within MIX business also lessened by 18.3% YoY or THB 86mn largely due to the decrease in revenue from lead generation under Rabbit Care Company Limited.

# SEGMENTAL PERFORMANCE

#### **MOVE BUSINESS**

Unit: THB mn

------

(\*) Development of rail projects include Green Line Extensions and Pink and Yellow Lines

Total **MOVE Revenue** was THB 2,248mn, decreasing by 39.2% YoY or THB 1,450mn. The decrease in MOVE revenue was due to (i) lower construction revenue of THB 1,762mn derived from the Pink and Yellow Lines after the completion of the Pink (main line) and Yellow Lines construction, yet, partially compensated with (ii) the record of farebox revenue from the Pink and Yellow Lines of THB 225mn in this quarter and (iii) a gradual growth in O&M revenue from the Green Line network and the Gold Line (increasing by THB 62mn YoY to THB 1,795mn).

**Total Operating Costs** were THB 2,567mn, a decrease of 27.1% YoY or THB 953mn, in relation with the reduction in revenue (largely from the declined costs within MOVE business).

As a result, BTS Group recorded **Operating Gross Profit** of THB 1,119mn, a decrease of 29.7% YoY or THB 473mn and **Operating Gross Profit Margin** of 30.4%, compared to 31.1% within the same period last year

Despite the weak performances of the Pink and Yellow Lines, **Gross Margin of MOVE business** improved slightly to 32.0% in 1Q 2024/25, comparing to 31.8% in 1Q 2023/24.

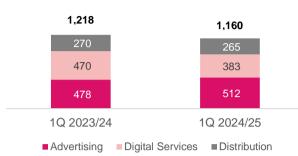

**Mass Transit Related Interest Income** was THB 1,177mn, lowering 9.0% YoY or THB 116mn. This was mainly due to the discontinuation of recognition of interest income related to the E&M provision for the Green Line Extension 2, following the repayment of the entire E&M debt on 2 April 2024.

In this quarter, the Company recognised **share of profit from investments in BTS Rail Mass Transit Growth Infrastructure Fund (BTSGIF)** of THB 106mn. There has been improvements in BTSGIF's farebox revenue on the Core Line Network, increasing 4.5% YoY, driven by a steady growth in ridership of 6.8% YoY to 47.8mn trips as a result of a higher number of weekdays and patrons' adoption of monthly package promotions. The average fare, however, decreased by 2.1% YoY to THB 33.5 per trip from the monthly package promotions previously mentioned.

More commentary on BTSGIF can be found in: <u>https://weblink.set.or.th/dat/news/202408/1126NWS1308202417212</u> <u>30040E.pdf</u>

#### **MIX BUSINESS**

Unit: THB mn

Despite the ongoing recovery of Advertising Business revenue, **Total MIX Revenue** in 1Q 2024/25 was THB 1,160mn, decreasing by 4.8% YoY or THB 58mn, resulting from the softer revenue from Digital Services and Distribution segments.

- Advertising Revenue was THB 512mn, increasing by 7.0% YoY or THB 33mn mainly driven by an increase in utilisation rate of all media channels to 47% from 45% in the same period last year.
- **Digital Services Revenue** was THB 383mn, decreasing by 18.3% YoY or THB 86mn, primarily driven by a reduction in lead generation and commission revenue from Rabbit Care Co., Ltd (RCare).
- Distribution Revenue was THB 265mn, decreasing by 2.0% YoY or THB 5mn resulted from the change in product mix as Fanslink Communication PCL (Fanslink) shifting to focus on high margin products. Yet, the decrease in revenue was compensated with higher revenue from Super Turtle PCL (TURTLE) from its branch expansion.

**Gross Margin of MIX business** was 34.8% in this quarter, comparing to 35.1% in the same quarter of last year.

In 1Q 2024/25, MIX share of profit was THB 68.1mn versus a loss of THB 336.4mn in 1Q 2023/24. This was driven by BTS Group **no longer recording a share of loss from investments in KEX** on 22 March 2024 and was supported by **a share of profit from JMART** of THB 25mn (compared to a share of loss of THB 83mn in 1Q 2023/24) resulting from the recovery in its operational performances.

https://weblink.set.or.th/dat/news/202408/1102NWS1308202419353 10921E.pdf

#### **MATCH BUSINESS**

**Total MATCH revenue** in 1Q 2024/25 was THB 278mn, increasing 41.9% YoY or THB 82mn, largely due to higher construction revenue from HHT Construction Co., Ltd. of THB 67mn.

In 1Q 2024/25, the Company recorded **a narrowed share of loss from investments in RABBIT** of THB 12mn, comparing to share of loss of THB 806mn in 1Q 2023/24. The improvement was mainly from no recognition of a one-time impairment loss on RABBIT' investment in SINGER.

More commentary on RABBIT can be found in:

<u>https://weblink.set.or.th/dat/news/202408/0329NWS1408202417520</u> 20691E.pdf

Moreover, BTS Group recognised **share of profit from investments in TNL** of THB 56mn as a result of its business expansion.

#### **BALANCE SHEET**

**Total assets** as of 30 June 2024 stood at THB 257,480mn, a decrease of 5.4% or THB 14,602mn from 31 March 2024, due to a decrease in:

- Receivables under purchase and installation of operating system agreements which fell by THB 23,313mn following the repayment to BTSC by BMA subsidiary KT of Green Line E&M work on 2 April 2024
- Other financial assets of THB 2,697mn

Compensated with an increase in

- Cash and cash equivalents of THB 9,755mn
- Receivables under agreements with government authority of THB 2,302mn

**Total liabilities** as of 30 June 2024 stood at THB 192,404mn, a decrease of 6.5% or THB 13,285mn from 31 March 2024. The decrease was mainly from a decrease in:

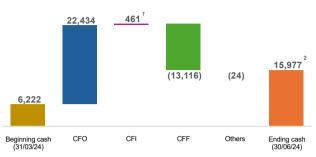

- Bills of Exchange payables of THB 4,457mn and Loans from financial institutions of THB 2,782mn as the Company repaid debts post E&M repayment
- Green Bond debentures of THB 3,148mn following the repayment THB 3,000mn

**Total equity** as of 30 June 2024 was THB 65,076mn, a decrease of 2.0% or THB 1,317mn from 31 March 2024. The decrease was primarily attributed to (i) a decrease in equity attributable to owners of the Company of THB 943mn largely from the fair value reserve for financial investments (recorded under Other Comprehensive Income) and (ii) non-controlling interests of the subsidiaries also fell by THB 373mn or 1.9%.

As of 30 June 2024, issued and fully paid-up shares of BTS Group stood at 13,167.6mn shares (13,167.6mn shares as of 31 March 2024).

#### **CASH FLOW**

(for period 3 months ended 30 June 2024) (THB mn)

 $^1\rm CFI$  included net investment for construction of the Pink Extension Line of THB 319mn  $^2\rm Excluding$  liquid investments of THB 9.1bn

As of 30 June 2024, **cash and cash equivalents stood at THB 15,977mn, an increase of 156.8% or THB 9,755mn** from 31 March 2024. Cash sourced from operating activities was THB 22,716mn (versus cash used in operating activities of THB 952mn in 3M 2023/24). This was derived from a loss before tax of THB 141mn, being supplemented by (i) non-cash reconciling items of THB 972mn and (ii) changes in net working capital of THB 21,886mn (mainly supported by the E&M repayment of 23,313mn). After deducting net cash paid for corporate income tax of THB 282mn, **net cash from operating activities was THB 22,434mn**.

Net cash sourced from investing activities was THB 461mn. The key components were (i) net cash received from sales of financial assets of THB 1,045mn and (ii) cash received from return of capital of associate of THB 347mn. This was partially offset by (iii) cash paid for purchases of investment properties of THB 681mn and (iv) increase in elevated train project costs THB 319mn.

**Net cash used in financing activities** was THB 13,116m. The key components were (i) net cash paid for loan from financial institutions and bills of exchange payables of THB 7,373mn (ii) net cash paid for repayment long-term debentures of THB 3,156mn and (iii) cash paid for interest expenses of THB 2,132mn.

#### MANAGEMENT OUTLOOK

On 26 July 2024, the Supreme Administrative Court concluded that the BMA and KT must pay BTSC outstanding debt related to the O&M fees (1<sup>st</sup> case), together with interest (of MLR + 1%) for the Green Line Project extension 1 and extension 2, approximately THB 11.8bn must be paid within 180 days from the judgement date (by 22 January 2025).

On 30 September 2024, BTS Group will convene an EGM for shareholders to vote on a Company capital increase via a RO (1 new share to every 4.5 existing ordinary shares at a price of THB 4.50 per share). The RO is expected to raise up to THB 13.2bn. The identified use of proceeds for the RO are primarily to (i) conduct a VTO for all shares not currently held in associate company - RABBIT (at THB 0.60 per share) (excluding the preferred shares held by the Company and the person who has expressed an intention not to sell in the tender offer) and (ii) conduct a VTO – ROCTEC (associate company) by the Company and/or its subsidiary (at THB 1.0 per share). These acquisitions require approval at an EGM.

Related to the same restructuring, our subsidiary (VGI) will also convene an EGM on 15 October 2024. Key agenda items include the approval of a private placement to 4 investors (at THB 1.5 per share) for up to THB 13.2bn or approximately 44% of the shareholder base (post capital increase), as well as the divestment of ROCTEC shares held by VGI to the Company and/or its subsidiary via VTO.

If approved, the resulting Group will have a strengthened capital base, improved leverage ratios and also improve our associate and subsidiary company's ability to pursue further growth opportunities.
