Pranda Group 's sales revenue is Baht 841.32 million, compared to Baht 776.93 million for the same period last year, representing an increase of 8.29%.

The main contributing factor was revenue from the production base, which accounted for 60% of total sales. The volume of units sold increased compared to the same period last year, reflecting continued market demand. However, during this quarter, the U.S. dollar fluctuated and weakened against the Thai Baht. As a result, when sales revenue was translated into Thai Baht, overall revenue remained relatively stable compared to the same period last year.

Meanwhile, revenue in the Omni-channel base, which accounted for 40% of total sales, increased by 36% compared to the same period last year. This growth was driven by the Company's proactive inventory management strategy through additional sales channels, aimed at enhancing inventory turnover efficiency and optimizing working capital management.

For first quarter of 2026, the company has gross profit of Baht 191.77 million or 22.79% compared with same period of previous year, which had gross profit margin at 21.91%. The increase in the gross profit margin was primarily due to effective sales structure management and selling price adjustments aligned with gold price levels. Meanwhile, as some product costs still reflected procurement costs from previous cycles, this resulted in an improvement in overall gross profit margin.

Pranda Group has selling and administrative expenses in first quarter of 2026 decreased compared to the same period last year, in line with Omni-channel sales performance. Also, expenses decreased due to the reduction of points of sale (POS) in retail stores to improve operational efficiency. As a result, total selling and administrative expenses are Baht 151.08 million, or 8.49% decrease compared to the same period of previous year.

As aforementioned earlier, Pranda Group has operating profit in first quarter of 2026 at Baht 40.69 million compared with previous year, which had profit at Baht 5.14 million.

Pranda Group has finance cost at Baht 12.48 million compared with same period of previous year which was at Baht 10.46 million or increased by 19.31% compared with same period of previous year as Pranda Group recognized accrued interest at a higher rate during the period.

For first quarter 2026, Pranda Group has gain on exchange rate at the amount of Baht 19.06 million compared to the same period of previous year which had gain on exchange rate at Baht 16.70 million mostly gain on exchange rate in US Dollar currency with high fluctuation and depreciated during this quarter compared with Baht currency.

Other items has at Baht 8.63 million compared to the same period of previous year which had other items at Baht 16.60 million or decreased by 48.01% mainly came from reversal provision on financial assets (Doubtful debt) in first quarter of 2025.

For first quarter 2026, Pranda Group has realized loss on market price of raw material at Baht (105.46) million compared to loss from previous year Baht (98.49) million resulted from the recognition of losses upon the settlement of obligations under gold lease agreements during the period.

In summary, Pranda Group has made loss on equity holders of the company at Baht (45.57) million compared with the same period of previous year which had made loss Baht (71.94) million.

For statement of financial position as at March 31, 2026, changes as compared to December 31, 2025 as follows:
