3. Significant factors that may affect the future of finance position or future operation

The stability of local political

If domestic politics is not stable, it will result in the government's spending. Government spending to stimulate the economy will be reduced. As a result, the industrial growth will be shrunken, the purchase order will also be reduced.

Foreign market

Due to the global economic situation, the recovery of the international market may lead to the company receiving more purchase orders.

Raw material pricing

Steel is core raw material for production. If steel price is fluctuated, it may affect the orders and production costs.

Foreign Exchange Rate

If the Baht is strengthened against foreign currency continuously, this may affect the Company's sales in Baht value. In addition, the Company may lose ability in its competitiveness compared to competitors and may get loss from exchange rates.

Please be informed accordingly,

Yours sincerely,
