Periods for Three Month end of 31 March 2026

Revenue from services

The Company generated service revenue of THB 122.71 million for the three-month period ended March 31, 2026, representing an increase of THB 16.10 million, or 15.10%, compared to the same period in 2025.

The increase in revenue was mainly attributable to surgical procedure-related services, which increased by THB 10.91 million and continued to represent the Company's primary source of revenue. These services include facelift surgery, eyelid surgery, rhinoplasty, sub-brow lift surgery, neck lift, forehead lift, liposuction, fat grafting, breast augmentation, and other cosmetic surgical procedures. Revenue from anesthesia services increased by THB 0.78

million, while revenue from non-surgical procedures, including skin care and anti-aging medicine services, increased by THB 4.41 million.

The Company continues to implement strategic plans to expand its customer base in the cosmetic surgery segment, as well as increase its customer base in the skin care segment, in order to support long-term growth.

Cost of services

The Company's cost of services for the three-month period ended March 31, 2026 amounted to THB 62.62 million, representing an increase of THB 11.63 million, or 22.80%, compared to the same period in 2025.

The majority of the costs were attributable to physicians' fees, which accounted for 72.29% of the total cost of services. The remaining 27.71% consisted of costs related to medicines, medical supplies, consumables, compensation for nurses and medical personnel, other direct costs, as well as depreciation expenses for buildings and medical equipment.

Gross Profit

The Company reported gross profit of THB 60.30 million for the three-month period ended March 31, 2026, representing an increase of THB 4.64 million, or 8.33%, compared to the same period in 2025. This increase was in line with the growth in service revenue.

Distribution Costs

The Company's selling expenses for the three-month period ended March 31, 2026 amounted to THB 18.45 million, representing a decrease of THB 1.11 million, or 5.69%, compared to the same period in 2025.

The decrease was mainly attributable to lower commission expenses and consulting fees as a result of more efficient cost management.

Administrative Expenses

The Company's administrative expenses for the three-month period ended March 31, 2026 amounted to THB 18.86 million, representing an increase of THB 8.37 million, or 79.80%, compared to the same period in 2025.

The increase was primarily attributable to higher depreciation expenses for operating systems and equipment amounting to THB 3.35 million, an increase in employee-related expenses of THB 2.45 million, higher bank charges of THB 0.31 million, an increase in loss on disposal of assets of THB 0.46 million, and other expenses totaling THB 1.80 million.

The increase in administrative expenses compared to the same period of the previous year was mainly due to the fact that, in early 2025, the Company was still operating under Teeraporn Clinic, which operated in a

leased building. The Company subsequently relocated and began operations under Teeraporn Hospital in late June 2025. As the new hospital building commenced operations, depreciation expenses related to the building, operating systems, and equipment increased. In addition, the Company incurred higher employee-related expenses as part of its preparation to support increased customer service capacity.

Financial Costs

The Company's finance costs for the three-month period ended March 31, 2026 amounted to THB 0.05 million, representing an increase of THB 0.01 million, or 36.80%, compared to the same period in 2025.

The finance costs consisted solely of interest expenses arising from lease agreements for office equipment and medical equipment.

Net Profit

The Company reported net profit of THB 19.94 million for the three-month period ended March 31, 2026, representing 16.04% of total revenue. Net profit decreased by THB 1.50 million, or 7.00%, compared to the same period in 2025.

Although the Company recorded higher revenue during the three-month period ended March 31, 2026 compared to the same period of the previous year, the increase in expenses as described above resulted in a decrease in net profit.
