17 September 2020

**Subject:** Notification of the Resolution of the Board of Directors' Meeting on the Connected Transaction

**To:** President,  
The Stock Exchange of Thailand

Goodyear (Thailand) Public Company Limited (the "**Company**" or "**Goodyear Thailand**") wishes to inform you that the Board of Directors' meeting No. 4A/2020, held on 17 September 2020 by electronic meeting has resolved to approve to purchase machine "VMI 248" for tire building to produce radial passenger tires on the land in Pathumthani province on which the existing factory is located ("**Project**"). The cost is expected to be about THB 96 million (THB 40 million of which is the value of the VMI 248 machine, and THB 56 million of which is the engineering expenses). The Board of Directors has also approved the undertaking of transactions in relation to the Project, which are considered the connected transactions between Goodyear Thailand and Goodyear Dalian Tire Company Limited ("**Goodyear China**"), a subsidiary by The Goodyear Tire & Rubber Company ("**Goodyear USA**").

This Project is considered as the connected transactions, pursuant to the Notification of the Capital Market Supervisory Board No. TorChor. 21/2551 Re: Rules on Connected Transaction, dated 31 August 2008 (including any amendment thereto) and Notification of the Board of Governors of the Stock Exchange of Thailand Re: Disclosure of Information and Other Acts of Listed Companies Concerning Connected Transaction, dated 19 November 2003 (including amendment thereto) (collectively referred to as the "**Rules on Connected Transaction**"), and the value thereof is 2.7% of NTA which is lower than 3% of the Company's net tangible assets (NTA) of THB 3,504 million (3% of which equals to THB 105 million) as stated in the reviewed Financial Statement for the six-month period ended 30 June 2020 reviewed by the Company's auditor.

Therefore, under the Rules on the Connected Transaction, the Company is required to disclose the information regarding the Investment to the Stock Exchange of Thailand ("SET").

Acquisition of the VMI 248 machine under the Project is also considered as an acquisition of asset transaction. Upon calculation of the transaction size under the Notification of the Capital Market Supervisory Board No. Tor. Jor. 20/2551 Re: Rules on Entering into Material Transactions Deemed as Acquisition or Disposal of Assets dated 31 August 2008 and Notification of the Board of Governors Re: Disclosure of Information and Other Acts of Listed Companies Concerning the Acquisition or Disposition of Assets B.E. 2547 dated 29 October 2004 (the "Rules on Acquisition or Disposition"), the size of Project is 1.5% percent, as calculated based on the rule no.3 (the total consideration value method). The Company does not enter into any other acquisition of asset transaction during 6 months prior to this Board of Directors' approval date. Therefore, the Company is not required to disclose the information regarding the entering into transaction of Project to the SET, and to hold a board of directors' meeting and to hold a general meeting of shareholders to approve the entering into Project.

## Information Memorandum on the Connected Transaction

### 1. Expected transaction date

September 2020 onwards

The Company did not have the other connected transactions with the same connected person happening between the 6-month before the date on which the Project takes place.

### 2. The parties involved and their relationships with the Company

The Company intends to undertake the connected transactions relating thereto with Goodyear China for purchasing machine and equipment (i.e. the VMI 248 machine) (Connected Transaction)

Details of VMI 248 machine	VMI 248 is a tire building and curing machine. This machine perfectly matches the existing production platform in Thailand and is fully aligned with customers' requirements.
Location	The machine will be located on the existing Goodyear Thailand property of the existing buildings, in Pathumthani.
Products to be manufactured	Radial passenger tires
Target customers	Car manufacturer and consumers.
Project timeframe	September 2020  The source of funds will be utilized in the following order:  <ol style="list-style-type: none"> <li>1. The Company's existing cash on hand</li> <li>2. Future cash flow from operations including existing base business and the new radial aviation tire business.</li> </ol>

### 3.2 Characteristics of the connected transactions

#### Purchase of VMI 248 machine

Estimated transaction value: THB 96 Million

Description: Goodyear Thailand will purchase VMI 248 machine from Goodyear China to

manufacture radial passenger tires and  
enhance production efficiency

### 3.3 Connected transaction

The following table shows the calculation of the connected transactions' value as stated in the Rules on Connected Transaction.

Calculation of transaction size for connected transaction		Unit: THB million
Execution of equipment and services supply agreement		
Value of connected transaction (estimated)		96
Net tangible assets ("NTA") of Goodyear Thailand*		3,504
Size of connected transaction (% of NTA)		2.7%

\* Based on the reviewed Financial Statements of Goodyear Thailand for the six-month period ended 30 June 2020 reviewed by the Company's auditor.

The connected transactions constitute the transaction size of 2.7% of the Net Tangible Asset value (NTA) of the Company which is lower than 3 percent of the NTA of the Company, calculated based on the reviewed Financial Statements of Goodyear Thailand for the six-month period ended 30 June 2020 reviewed by the Company's auditor.

Therefore, under the Rules on Connected Transaction, the Company is required to disclose the information regarding the Project to the SET.
