#### 9. Transaction volume :

Above transactions came under the scope of connected transactions for listed companies as specified in Notification of The Capital Market Supervisory Board No. Tor Chor. 21/2551, on rules for connected transactions being intended as supporting normal business transaction without general trading conditions, transaction regarding rental or lease of immovable property of not exceeding 3 years, and transaction relating to assets or services having transaction volume larger than Baht 1 million but less than Baht 20 million, or otherwise more than 0.03% but less than 3% of net tangible assets (NTA), whichever may be greater.
