3. Management Discussion and Analysis

3.1 Revenue from construction for the second quarter of 2019, has decreased when compared to the same quarter of 2018, by Baht 846.73 million or 38.49%. The Company increased the project cost estimation because of the problem of delay in handover of work area by the employer, overlapping tasks of the employer and changes and adjustment of the construction design, work suspension or delay due to change in construction design Many projects are gradually completed. Concurrently, many new projects that have been signed into contract or about to be signed which will allow the Company to begin to recognize revenue.

3.2 The cost of construction for the second quarter of 2019, has increased when compared to the same quarter of 2018 equal to 9.53% due to the perceived cost of the additional compensation in the case of an employment termination of employees who have worked for 20 years or more from 300 days to 400 days and from project cost adjustments due to delays.

3.3 Revenue from real estate development business has decreased when compared to the same quarter of 2018, by Baht 12.60 million or 12.49%. Income from ownership transfer of housing and condominium units to customers from Mana Patanakarn Co., Ltd., a subsidiary company that operates real estate development business, decreased from the same quarter of 2018, partly due to the

Bank of Thailand's measures which increased the conditions in loan provision for real estate purchases.

3.4 Sales and service income from concrete products manufacturing and others in the second quarter of 2019, has increased when compared to the same quarter of 2018, by Baht 88.93 million or 100.20% because the Company and Advance Prefab Co., Ltd., a subsidiary company in precast concrete production, have increased income from selling of concrete product when compared to the same quarter in 2018.

Advance Prefab Company Limited	Baht 24.38 million	Baht 16.44 million
Mana Patanakarn Company Limited	Baht 16.51 million	Baht 14.98 million
Utility Business Alliance Company Limited	Baht 6.94 million	Baht 9.18 million
Tastemaker Company Limited	Baht 7.04 million	Baht 6.51 million
Subsidiaries / Others	Baht 4.39 million	Baht 13.16 million
Total	Baht 179.59 million	Baht 114.61 million

On the second quarter of 2019, the Company has increased expenses for filing lawsuits against long overdue debtors. Including the Company and its subsidiaries recognized the expenses from the compensation adjustment for the post-employment benefits program from the 300 days to 400 days and recognize loss from exchange rate which in the same quarter of 2018 was recognized as foreign exchange gain.

3.7 In the second quarter of 2019, the labor Protection Act stipulates additional compensation rates in the case of an employment termination for employees who have worked for 20 years or more to be entitled to receive additional compensation from 300 days to 400 days. Such changes are costs and expenses. The details are as follows:

Detail	Second quarter of 2019
Cost of construction	Baht 28 million
Cost of sales and service	Baht 4 million
Administrative expenses	Baht 20 million
Total	Baht 52 million

3.8 Details of share of profit (loss) from investments in associates and joint ventures are as follows:

Name	Shareholding percentage	Share of profit (loss) for Q2-2019	Share of profit (loss) for Q2-2018
C.I.N. Estate Company Limited	40 %	Baht (4.20) million	Baht(0.46) million
NWR-SBCC Joint Venture	50 %	-	Baht (12.95) million
Total		Baht (4.20) million	Baht (13.41) million

3.9 On August 28, 2017, the Company issued and offered 2,000,000 units of 3-year debentures with a par value of Baht 1,000 each, totaling Baht 2,000 million. The debentures will be mature on August 28, 2020. The coupon rate is 4.5% per annum. The objectives of issuing the debentures are a) investment in the new projects, b) repayment of debts, and c) working capital. The Company can sell debentures of Baht 1,720.1 million. Interest expenses of debentures for the second quarter of 2019 were Baht 19.30 million

3.10 On March 28, 2017 the Central Bankruptcy Court ordered Saraburi Coal Company Limited (“Saraburi”) into final receivership. The Company and Saraburi are the parties to a joint venture agreement, NWR-SBCC Joint Venture, to carry out a soil and coal extraction and transportation work project at Mae Moh mine, Lam Pang of the Electricity Generating Authority of Thailand (“EGAT”), with both venture partners having a 50% interest. As a result of the final receivership order issued by the Court, Saraburi is considered to be in breached of the joint venture agreement and the Company has therefore exercised its right under the agreement to notify the termination of Saraburi’s responsibilities in the NWR-SBCC Joint Venture. Consequently, on January 2018, the Court has ordered Saraburi to go bankrupt.

On May 8, 2017, the Company issued a letter notifying the termination of Saraburi’s responsibilities in the joint venture. As a result, the contractual roles, rights and responsibilities of Saraburi under the NWR-SBCC Joint Venture agreement are terminated, with the Company assuming the rights and responsibilities of control and operation in accordance with the contract until the service is completed, for which the scheduled date is April 23, 2018. The outcome of the lawsuit involving Saraburi and the exercise of this right have impact neither on the Company’s proportionate interest in NWR-SBCC Joint Venture nor the operation of this project with EGAT.

At present, the Project has already been completed and all equipment and machinery have been sold out.
